

UNICYCLE SNOW PLOW

Dave Steinlauf pedals a unicycle to push snow shovel as he tries to clear snow from his gas station in Cicero, Ill. Friday. Steinlauf said this is standard mode of snow shoveling for him. He uses a unicycle in his work throughout the year. He and 4 brothers have been unicycling as a hobby since childhood.

Whelan Joins List Of Demos Declining Race For Congress

By DON WALTON
Star Staff Writer

Nebraska Democrats are bouncing off stone walls in their top-priority efforts to find well-known congressional candidates for the May 15 primary election.

Another key possibility — Gerald Whelan of Hastings — bowed out of the picture Friday.

In doing so, he echoed Thomas Bonner of Omaha in calling for "a resurrection of thoughtful partisan discussion of issues."

Bonner announced earlier this week that he would not be a Second District congressional candidate.

Whelan, his party's First District nominee in 1960, is a resident of the new Third District represented by Republican Rep. David Martin.

Temptation Great
"The temptation to challenge Mr. Martin is great," Whelan said. "The need for a high-level discussion of the issues is great."

"The importance of exposing the cleavage between those who trust their government and those who do not is great."

"The Democratic Party must find a candidate who will defend traditional Nebraska-style liberalism. The spirit of George Norris is not dead."

Whelan listed finances, family, his law practice and his

The Weather

LINCOLN: Partly cloudy Saturday morning. Increasing cloudiness in afternoon and continued cold. Cloudy with snow Saturday night. Not quite so cold Saturday night. Highs Saturday 5 to 10 above.

CENTRAL NEBRASKA: Heavy snow alert for central Nebraska Saturday. Increasing cloudiness Saturday. Not as cold and snow beginning Saturday afternoon. Snow Saturday night. Snow likely heavy central with blowing snow Saturday night. Warmer Saturday night. Highs Saturday night 5 above northeast to 10 to 15 south-west.

DOMINICANS CHEERED

... New Dictatorship Ousted; U.S. Promises Aid

Constitutional Regime Is Back

... Celebration Is Carnival-Like

Santo Domingo, Dominican Republic (P) — Dominicans went back to the road of constitutional government Friday and celebrated the end of recurring dictatorship. The United States promised them renewed recognition and economic support.

A carnival-like celebration was set off by a counter-coup that ousted and jailed Maj. Gen. Pedro Rodriguez Echavarría, who had been assuming strongman powers with the backing of a military-civilian junta.

People hugged each other and derisively chanted the name of Joaquin Balaguer, a holdover from the Trujillo dictatorship who reluctantly resigned the presidency Tuesday night.

"Balaguer boo boo. Balaguer boo boo," was the cry, accompanied by the tooting of car horns and rhythmic whistling and calling.

Swift Action
This was the way events had gone:

Sixteen days ago, in agreement with most of the opposition elements, a new council was set up. It promised elections and Balaguer's withdrawal from politics.

Then Tuesday night, Rodriguez Echavarría and his associates overthrew the interim regime, in which Balaguer was still a leader.

Thursday night a new 7-man state council took over by taking Rodriguez Echavarría prisoner and putting Balaguer's resignation into effect immediately. All but one of this 7-man council were holdovers from the 16-day government of earlier this month.

Bonnely Takes Oath

Vice President Rafael Bonnely, a 57-year-old lawyer and professor, took the oath of office as chief executive, as he had been scheduled to do under plans upset by Tuesday's military takeover. Balaguer's council seat was filled by a young businessman, Donald Read.

Balaguer declared Friday he had no responsibility for the violence between Tuesday and Thursday, the time Rodriguez Echavarría was in main command.

Balaguer first became president in 1960 under Generalissimo Rafael Trujillo, the dictator who was slain last May. He said he refused to yield earlier to demands for his resignation because to do so would have meant the installation of a military government.

Washington Pleased

Washington (P) — The United States announced with pleasure its recognition of the new Dominican government Friday and promised speedy economic help.

Washington's approval of the revived Dominican state council under its new president, Rafael Bonnely, followed fast behind the overthrow of Gen. Pedro Rodriguez Echavarría's 48-hour military rule.

The U.S. government had applied practically all the non-military pressure it could to reverse Echavarría's coup. U.S. officials had feared that the military takeover would ruin laborious efforts to steer the Caribbean country toward democracy after 3 decades of tyranny under the late generalissimo Rafael L. Trujillo.

U. S. Using 'Chemical Warfare'

... TO KILL GUERRILLA-HIDING FOLIAGE IN SO. VIET NAM

Washington (UPI) — The United States said Friday it has been helping in a project to drop chemical plant killers along roadsides in South Viet Nam to destroy the foliage in which Communist guerrillas hide.

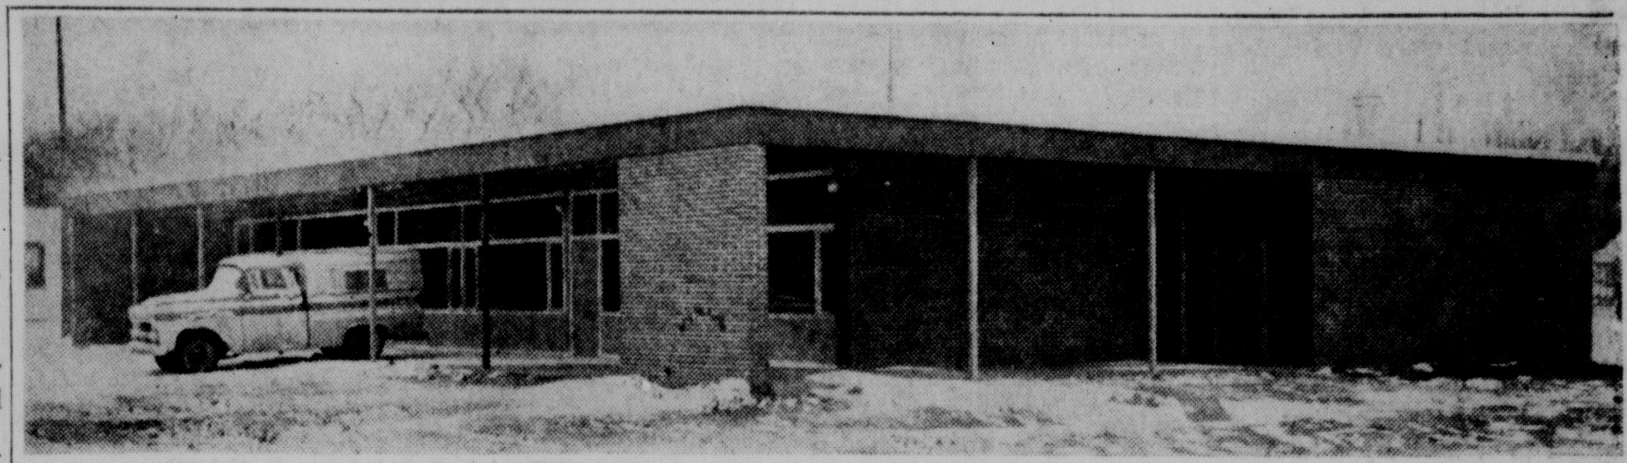

A State Department spokesman said the chemicals used are commercial weed killers which do not harm human beings, animals or the soil.

The project is designed to create a corridor of bare

ground about 50 yards wide along country roads to reduce the danger of ambush by Communist Viet Cong guerrillas threatening the U.S.-supported South Viet Nam government.

The State Department said U.S.-Viet Nam teams operating from airplanes so far have sprayed only one road near Saigon. But the project is to be widely used throughout the countryside if it works as expected.

The U.S. government purchased the spray from commercial sources in this country and made it available to

NEW SCHOOL ... Open house set for Sunday.

Hallam School Now Completed

Hallam—Open house will be held for the new elementary school house at Hallam from 2:00 to 5:00 p.m. Sunday.

The \$56,000 building has 3 classrooms and a teachers' study, according to Stanley Wenz, secretary of the school board. It has facilities to accommodate 60 students.

Second semester classes will begin Monday in the new building for nearly 60 students from kindergarten through 8th grade, said Wenz.

The school has students from Hallam and surrounding communities.

Government Will Buy Millions Of Nebraskits

By BETTY PERSON
Star Staff Writer

The Defense Department will purchase from 5 to 10 million pounds of the Nebraskit (wheat wafer survival ration) for delivery in April and May for its Civil Defense shelter program.

Gov. Frank Morrison received word of the decision from John Kelley, his special assistant, who went to Wash-

ington this week to confer with Defense officials about use of the Nebraskit wafer.

State Agricultural Director Pearl Finigan said the Nebraskit is part of a total order of 30 million pounds of flour-based austere ration the Defense Department wants by July 1.

Whether the Nebraskit will represent more than 5 to 10

million pounds of that total is not yet known.

The Nebraskit was developed by the State Department of Agriculture through its research program with the Midwest Research Institute of Kansas City.

Will Be Licensed

Nebraska holds the trade mark on the Nebraskit and will license anyone who wants to manufacture it, Finigan said.

The Defense Department is now writing specifications for bids on the Nebraskit which it will take for the spring shipment.

Finigan said an Omaha food manufacturing firm (Merchants Biscuit Co.) has expressed an interest in bidding on the item. Bidding will not be restricted to Nebraska firms, however, Finigan said.

Midwest wheat will be used in production of the Nebraskit which Finigan estimated will cost from 27 to 29 cents a pound.

The rations will be placed in public shelters throughout the nation.

Finigan said the State Department of Agriculture is negotiating with Richard Vesteck, Lincoln-Lancaster Civil Defense director, to use the Nebraskit in stockpiling foodstuffs for the community shelter at 17th and Van Dorn.

West Temps Might Climb 40 Degrees

Good luck, Crawford. If the weatherman is right it'll be about 40 degrees warmer in that western Nebraska town Saturday, with a high somewhere between zero and 10 above.

Crawford was the state's icebox Friday, the temperature hitting 34 below zero. Scottsbluff and Chadron were in the same league, with minus 24 and minus 26 respectively.

Temperatures across the state will range between 5 and 15 degrees in central Nebraska to near 10 degrees in the panhandle.

A heavy snow alert has been issued for central Nebraska with snow and possibly blowing and drifting snow forecast for the Panhandle Saturday night.

Snow in central Nebraska is likely to be heavy while eastern Nebraska will have snow and cloudy skies Saturday night.

Early Saturday morning the temperature had dropped to 6 below in Lincoln and 9 below at the Air Base.

The state high Friday was 3 above at North Platte, Imperial and Sidney.

Early Friday Auburn and Humboldt both reported 5 inches of snow. Beatrice, Pawnee City, Tecumseh and Wilber all reported 4 inches. Lincoln had two inches of snow.

Other snowfalls, in inches:

Time tells on a man — especially a good time!

Big Bequest To U.S. Might Be Returned To Nebraska

By GLENN KREUSCHER
Farm Editor

A movement to have a quarter of a million dollars left to the U.S. government by a Nebraskan returned to

the state for some project in memory of the man was started officially Friday by Gov. Frank Morrison.

A letter from the governor to President Kennedy fol-

KENNEDY POINTS UP HIS SUPPORT OF U.N.

New York (P) — President Kennedy emphasized his support of the United Nations Friday by flying here and lunching with U. Thant, U.N. acting secretary general.

They reviewed a number of matters pending before the U.N. but the specific topics were not disclosed.

Kennedy and Thant, the Burmese who succeeded Dag Hammarskjöld, topped off the shrimp and artichoke casserole meal by smoking Burmese cigars.

The luncheon, their first meeting, was given by Adlai E. Stevenson, United States ambassador to the U.N., in Stevenson's suit in the Waldorf-Astoria Hotel.

Kennedy, staying in New York overnight, had two other engagements — a conference with Mayor Robert F. Wagner and a Broadway show. The President is flying back to Washington Saturday morning.

For his Broadway outing, Kennedy chose the season's top hit, "How To Succeed in Business Without Really Trying." Playing at the 46th Street Theater, it stars Robert Morse and Rudy Vallee.

In between luncheon and the evening outing, Kennedy met with Mayor Robert F. Wagner.

Afterwards, the mayor said

they talked about urban renewal and a possible cabinet post of secretary of urban affairs. Asked if he would be interested in such a post, Wagner replied:

"No. I am the mayor of New York."

Aides declined to comment on the purpose of Kennedy's talks with Wagner, who has been mentioned as a possible opponent of Gov. Nelson A. Rockefeller in the state's gubernatorial election this year.

Rockefeller, in turn, is regarded as a potential candidate for the 1964 Republican presidential nomination, and thus a possible election opponent of Kennedy that year.

Wagner shot into the top Democratic position in the state last fall by winning re-nomination on an anti-bossism platform and then going on to win a third term.

A spokesman for Thant quoted the secretary general as saying after the meeting that he had a "most cordial, frank and fruitful talk with the President." Thant declined to go into details of the talks.

Salinger said Kennedy attended the luncheon to indicate "the great interest that the United States has in the United Nations and the support of the United States government for the United Nations."

U. S. Using 'Chemical Warfare'

... TO KILL GUERRILLA-HIDING FOLIAGE IN SO. VIET NAM

Washington (UPI) — The United States said Friday it has been helping in a project to drop chemical plant killers along roadsides in South Viet Nam to destroy the foliage in which Communist guerrillas hide.

A State Department spokesman said the chemicals used are commercial weed killers which do not harm human beings, animals or the soil.

The project is designed to create a corridor of bare

ground about 50 yards wide along country roads to reduce the danger of ambush by Communist Viet Cong guerrillas threatening the U.S.-supported South Viet Nam government.

The State Department said U.S.-Viet Nam teams operating from airplanes so far have sprayed only one road near Saigon. But the project is to be widely used throughout the countryside if it works as expected.

The U.S. government purchased the spray from commercial sources in this country and made it available to

A spokesman said he "could not speculate as to what steps might be taken in the future."

Killing off Communist food supplies would appear to be a much more drastic action than reducing the danger of ambush. There was some doubt among U.S. officials that such a step would be taken.

During the mounting Communist guerrilla campaign, scores of Viet Nam army units have been ambushed by Communists hiding along country roadsides.

Molotov May Have Dug In For A Fight

HE HAS NOT GONE BACK TO VIENNA

And May Not Intend To

By STANLEY JOHNSON

Moscow (P)—Western ambassadors speculated Friday that V. M. Molotov's return to Vienna is delayed not because the Soviet government wants it delayed but because the tough old Bolshevik simply refuses to go.

Top diplomats of the Western powers were practically united in a belief that the Stalinist premier and foreign minister is fighting Premier Khrushchev and has dug in his heels against being shunted off again to a minor job in Austria.

The job is Soviet representative to the International Atomic Energy Agency, the atom-for-peace organization. Molotov took the post in September, 1960.

Denounced At Congress
Denounced along with other members of a so-called anti-party group by Khrushchev at the 22nd Soviet Communist Party Congress last fall, Molotov returned to Moscow Nov. 12 to fight a move to expel him from the Communist Party.

The Foreign Ministry announced Jan. 8 that he was returning to Vienna. But he failed to appear there and officials of both the Soviet government and the party have since refused to talk publicly about his case. Diplomats figured Khrushchev may have suffered a setback.

Wednesday the Communist Party newspaper Pravda denounced Molotov as a dogmatic opponent of Khrushchev's policy of peaceful co-existence, which it called "the most important question of our time."

Old Story To Him
But that was an old story to Molotov. He has been a target of similar attacks since he and former Premier Georgi M. Malenkov and Deputy Premier Lazar M. Kaganovich were ousted from their high party and government posts in 1957.

Meanwhile Radio Moscow announced the end of a Moscow conference of district communist party organizations and central committee delegates from throughout the Soviet Union. It said the emphasis during the 3-day meeting was on implementation of decisions reached at the 22nd party congress.

(Western students of communism pictured that meeting as part of a 3-way struggle for power. They considered Khrushchev was in an uneasy middle position between (1) the anti-party group pressing for a return to some of the teachings of Stalin and (2) young Soviet citizens, unidentified, seeking adoption of some of the Western world's ideals and principles.)

Denver Show Sales Nearing \$12 Million

Denver (P)—Livestock sales at auctions in conjunction with the National Western Stock Show this week are nearing the \$12 million mark.

Walter C. Crew, president of the Denver Union Stock Yards Co., said they would top \$11,254,000, an increase of \$1,345,000 from 1961.

But some other expert stockmen, who did not want to be named, said Crew's figure was on the conservative side and predicted the sales would go over \$12 million. The show record was \$11,600,000 in 1959.

The big sale of 450 loads of stockers and feeders returned more than \$3,700,000.

A sale of 2,922 heifer calves brought an average of \$28.48 per hundred with the top price at \$33.75. The heifers averaged \$122 per head.

A total of 8,186 steer calves averaging 469 pounds each brought an average of \$29.64 per hundredweight. The top was \$37.25 and the average per head was \$139.

Crew said the show has received 76,876 head of livestock for auction this year compared with 67,635 last year. They have been moving through the auction at an average rate of 1,700 an hour during the past two days.

The show ends Saturday.

Tersely Told Tales

Havana (P)—With a personal sendoff by Fidel Castro, a 40-member Cuban delegation left by plane Friday for the Inter-American Foreign Ministers' Conference in Punta Del Este, Uruguay.

Headed by President Osvaldo Dorticos, the delegation declared before departing it is making the trip not to defend Cuba but to accuse the United States of continuing aggression.

★ ★ ★
Pebble Beach, Calif. (P)—Loss by theft of more than \$44,000 in jewelry was reported Friday to the sheriff's office by Igor Cassini, New York columnist, and his wife, Charlene, daughter of Charles Wrightman, Palm Beach millionaire.

★ ★ ★
Washington (P)—President Kennedy and two cabinet members made a pitch Friday for business world support of the administration program to lower trade barriers and spur economic growth.

First Kennedy, then Secretary of State Dean Rusk and Secretary of the Treasury Douglas Dillon stressed the urgency of quick action so the United States can work closely with the European common market.

★ ★ ★
Cape Canaveral, Fla. (P)—Technical troubles with the booster rocket Friday forced at least a 4-day delay of an attempt to launch a Ranger 3 spacecraft to the moon to take closeup television pictures and land an instrument package.

The launching had been scheduled for Monday.

★ ★ ★
Lausanne, Switzerland (UPI)—Former King Simeon II of Bulgaria, who was exiled by Communism, will marry a Spanish commoner bride Saturday.

A civil ceremony will unite Simeon, 24, and Margarita Gomez Acebo Y Cejuela, 26. The bride is an orphan. The two first met when they were schoolmates in Madrid.

Japanese See 'New Tensions'

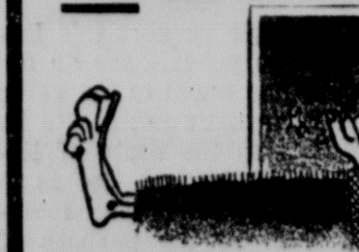

Tokyo (UPI)—Prime Minister Hayato Ikeda said that "new tensions" threaten Asia, particularly in communist-endangered Viet Nam.

Both Ikeda and Foreign Minister Zentaro Kosaka, in major foreign policy speeches to the Japanese Diet (parliament), appealed to the world to settle disputes through peaceful means, avoiding the path of "wreckless war" chosen by Japan two decades ago.

SEEKS MISSING BOYS

Richard Reid, a federal mine inspector, is lowered into 35-foot-deep hole bored into abandoned clay mine near Clearfield, Pa., as search continues for two boys missing since Sunday and believed trapped in the mine. More than 200 persons have labored day and night searching for the missing lads, Larry Husted, 10, and Westley Lowe, 13.

Labor Hails 25-Hour Breakthrough In N. Y.

New York (P)—New York electricians' success in winning an unprecedented 5-hour work day was hailed Friday as a striking breakthrough in a nationwide labor effort to cut unemployment. It also was tabbed a pattern-setter for other unions.

The victory was achieved despite opposition from President Kennedy, who has repeatedly spoken out against reducing the work week under the present economic situation and world trade competition.

But expressions of jubilation were quick in coming from other segments of the labor movement. In a message of congratulations to the electrical union, the New York Central Labor Council said:

"This victory will have profound influence on national thinking on automation and full employment.

"Only the shorter work week can end joblessness of millions of our fellow citizens, and your victory is certain to lead to immediate and successful attempts to cut the work week so that we may achieve a full employment economy."

Other Unions Nudged
In another statement, the Labor Council called on all affiliated unions to demand

ADLAI REALLY LIKED HIS LUNCH

New York (P)—Adlai E. Stevenson was so taken with Thursday's lunch that he had the same thing served again Friday for President Kennedy and acting Secretary-General of the United Nations, U Thant.

The entree was shrimp and artichoke casserole.

The other items on the menu were hot consommé with melba toast, avocado salad, cheese, crackers and fruit and coffee. The luncheon was served at the Waldorf-Astoria Hotel Tower.

Youthful Mother, Son Slain

... In Denver

Denver (UPI)—Police combed Denver fruitlessly Friday for the killer a detective captain said "had to be" a maniac in the fatal beatings of a young mother and her son.

A massive detective force and every officer on the beat was on the lookout. But Detective Capt. Lloyd Jameson said they had so far come up with nothing.

He said officers "just plain don't have anything to go on at this point" in the search for the killer of Mrs. Shirley Jean Duckworth, 28, and her son, Dale, 5, in the basement of their home.

But Jameson was sure of one thing. Asked if the killer was a maniac, he replied: "it had to be. No normal person could do a thing like that."

The bodies of the mother and her blond, blue-eyed son were found by Mrs. Duckworth's husband, Herman, 31, when he returned from his job at the Mountain States Telephone & Telegraph Co.

Adenauer Is Going To Berlin Thursday

Bonn, Germany (P)—Chancellor Konrad Adenauer will fly to Berlin next Thursday for an on-the-spot examination of the latest developments in the city, the government reported. The 86-year-old chancellor will meet with members of the Berlin government and business community during his one-day stay.

Reactor Planned

Ottawa (P)—Canada plans to build a \$14.5 million nuclear reactor for scientific tests at its new atomic research center in Whiteshell, Man. Officials said the reactor is expected to be in operation by 1965.

The New York electrical workers won a contract calling for a 5-day week, with 5 hours daily at regular pay and one at time and a half. They previously had worked six hours a day at regular pay and one at time and a half.

BYRD SEES A DEFICIT

Washington (UPI)—Sen. Harry F. Byrd, (D-Va.), predicted Friday that President Kennedy's fiscal 1963 budget would produce a \$1 to \$5 billion deficit instead of the \$500 million surplus foreseen by the President.

Byrd, chairman of the Senate Finance Committee, joined Republicans in criticizing Kennedy's record peacetime \$92.5 billion budget for the 12 months starting July 1. Most other Democrats called it a sound fiscal document.

Byrd said the President's spending estimates were too low and its tax collection estimates too high. To get the \$93 billion in receipts predicted by Kennedy, he said, there would have to be no strikes and income levels that could be inflationary.

"This is no time for double talk with respect to the state of our fiscal affairs," Byrd said in a statement. "They are in serious shape..."

THIEVES STEAL A COPPER WIRE

Galesburg, Ill. (P)—Thieves stole more than a mile of copper telephone wire from the American Telephone and Telegraph Co., which has a huge stockpile of wire.

But this 5,490 foot length of wire was in use. It was part of a line running between Peoria, Ill., and Burlington, Iowa.

The wire, valued at about \$800, was cut from poles near Yates City. First inkling that something was wrong developed when telephone users turned in a series of trouble calls. Repairmen found that the section of wire had been neatly snipped from the poles.

Nation's Strength Gives McNamara Confidence

Washington (P)—Secretary of Defense Robert S. McNamara, speaking of future weapons such as missile-firing satellites, outlined for Congress Friday a 5-year plan designed to preserve U.S. ability to cope with Soviet military progress.

The Defense chief expressed confidence that this nation's retaliatory forces today "are fully capable of destroying" assigned Soviet targets even after a nuclear surprise attack. And as for the future, he said:

"We believe that the strategic retaliatory forces programmed for the next few years are fully adequate to the task of deterring war through their ability to destroy the attacker, even after absorbing the first strike."

Censored Version
McNamara emphasized those conclusions in a 122-page statement he presented to the Senate Armed Services Committee behind closed doors. A censored version was made public.

The secretary's testimony laid the groundwork for the administration's case for its military budget presented to Congress the previous day. It proposes spending \$48.3 billion in the next fiscal year beginning July 1.

McNamara, in asking for broad and flexible powers to obligate nearly \$54 billion during that year, spelled out in detail what the Pentagon is asking. He said the cost of the following 4 years under the long-range program has been estimated but he would not give figures because "we do not have a very high degree of confidence in our estimates beyond 1963."

He Looks Ahead
McNamara said it is clear that in the next few years

there will be a need for new strategic retaliatory systems. Not so clear, he added, are the kinds of systems which will be required.

"We must in prudence assume that the Soviet Union in an attack on the United States would strike first with its missiles and then with its manned bombers," he asserted.

So, the defense chief said, the Pentagon is planning a mixed bomber-missile force for the next 5 or 6 years.

Runaway Truck Smacks 11 Cars

O maha (P)—A runaway truck rolled down a hill Friday and into a line of cars smashing 11 of them.

Police said the truck struck one car and started a chain reaction involving the other 10 parked in a line. Two trucks probably would be required to untangle them, officers said.

Robert J. Dillon, 36, driver of the truck, said he had backed it up to a loading dock and gone in to see where his cargo of 25,000 pounds of soap should go. The rig rolled away while he was inside.

Sanitary District Sets Hearings On Dissolution

By VIRGIL FALLOON
Star Staff Writer

The Sanitary District board Friday set public hearings Feb. 5 and 6 on proposed dissolution and turnover of its responsibilities to the City of Lincoln and the Salt-Wahoo Watershed District.

The hearing involving the city is scheduled Feb. 5 and the watershed district hearing Feb. 6. Both meetings will be held at 7:30 p.m. in the council chamber at City Hall.

The board expressed doubt that a scheduled Jan. 24 meeting of the Chamber of Commerce's watershed committee is now needed.

The announced purpose of the meeting was to seek a specific dissolution timetable for the Sanitary District and coordination between the various governmental agencies involved.

J. Max Harding, board trustee, anticipated that the Chamber would cancel the proposed meeting now that the two public hearings have been set.

Stuffed Donkey Returns; Ears Bent, Tail Draggin'

Princeton, N.J. (AP)—"Demmy," the wandering stuffed donkey, has been found, but his ears are bent and his tail is dragging.

"Demmy," a life-sized donkey, belongs to the two youngest children of Gov. Richard J. Hughes. It was stationed near the door to greet guests at the inaugural ball Tuesday. Then it disappeared.

Mrs. Hughes reported it stolen Thursday.

State troopers and Princeton police, acting on an anonymous tip, found Demmy behind a monument next door to Morven, the executive mansion.

Attached to the donkey was a note which read:

"Dear governor:

"The donkey enjoyed the trip and meal very much. See you in '65."

"(Signed) Jay John Birch."

Demmy's master and mistress are Brian, 5, and Honey, 4. The new governor and his wife have 9 children and are expecting a 10th in May.

Rumors Indicate Fidel May Release Invaders

Washington (AP)—Fidel Castro was rumored Friday planning to release 1,100 invasion prisoners in a move to forestall sanctions against the Cuban Communist regime by hemisphere nations.

There is no confirmation for the report in any quarters here but Cuban exile sources and Latin American diplomats say they have begun to attach credence to the reports because they have been so persistent and also because they apparently originated in underground messages from Havana to Miami.

These sources add that release of the Cuban exiles captured in the April 17 attempt to invade Cuba and overthrow the Castro regime doubtless would be presented by Castro as a demonstration that he is responsive to humanitarian appeals even in the case of those who oppose him.

Any announcement of the release presumably would precede the hemisphere foreign ministers' meeting which begins Monday at Punta Del Este, Uruguay. Collective action against the Castro regime will be weighed at these sessions.

Little Choice

Actually Latin Americans say, Castro has little choice but to release the prisoners, sooner or later. They say there has been revulsion

throughout the world at the wholesale killings of anti-Castro Cubans by firing squads. And, they add, appeals from throughout Latin America to spare the Cuban prisoners make it difficult for Castro's government to do anything other than release the men and deport them to the United States.

Two developments in Cuba indicate the Castro regime might attempt some conciliatory action before or at the Punta Del Este conference.

Castro postponed from Jan. 22 to Jan. 28 a mass meeting he had planned as a sort of national assembly to discuss action of the Punta Del Este conference.

Also, Cuba named its puppet president, Osvaldo Dorticos, as head of its delegation to Punta Del Este. He replaced Raul Roa, Cuban foreign minister, whose violent insults to the presidents of Argentina, Chile and other countries of the Americas, and other Latin American nations, Roa, however, is expected to attend as a member of the Cuban delegation.

No Representative

The board said no representative would attend the Chamber meeting.

Two preliminary contracts leading to the District's dissolution are presently under study by the city, Sanitary District and Salt-Wahoo District.

It is proposed that the city take over all the district's sewage responsibilities as well as its 8 employees and equipment. The watershed district would be responsible for drainage work in the district.

Also indicated was that April 1 would be the cutoff date for any new projects or commitments under dissolution plans.

Max Kier, the board's attorney, said District funds could be turned over to the city if specifically earmarked for projects within the District's responsibility.

Secretary Resigns

In other action, the board accepted with regret the resignation of Mrs. Vera Boell, the district's office secretary for some 8 years, effective Feb. 12.

Mrs. Boell said she was resigning to accept another position in view of the pending dissolution of the district.

District Engineer Dick Devries reported that the Lancaster County engineer is preparing plans on the 70th Street bridge over Dead Man's Run as part of the proposed opening of North 70th onto East O.

Devries estimated plans would be ready within a month, including detailed cost estimates for the joint financing of the project by the county, city and district.

Christian School Alums Choose Chip Doolittle

Chip Doolittle of Lincoln was elected president of the Lincoln Christian School Alumni Association at an organizational meeting Friday.

Miss Jeannie Murray was elected vice president, Miss Carolyn Jones secretary and Bob Spomer treasurer. All are from Lincoln.

Sixteen alumni were present for the meeting and progressive dinner.

A second alumni meeting is planned for next spring.

Gen. Hayashi Will Visit SAC Officers

Omaha (AP)—Gen. Keizo Hayashi, chairman of the joint staff council of Japan's defense agency—the equivalent of the United States joint chiefs of staff—will arrive at Offutt Air Force Base Monday. Strategic Air Command headquarters announced.

Gen. Hayashi will be given a briefing by Gen. Thomas S. Power, commander of SAC, and by other key SAC officers. He also will tour SAC headquarters.

6 Cubans Enroll In York Parochial High

Three brother-sister teams have arrived from Cuba and are enrolled at St. Joseph's Parochial High School at York as part of the U.S. government sponsored program.

All 3 of the young men, from left, Hector Rodriguez, Fernando Alvarez and Carlos Diaz, are seniors. At Fernando's right is his sister, Maria, an 8th grader. Emma Rodriguez, left front row, sister of Hector, and Silvia Diaz, center, sister of Carlos, are sophomores in the Catholic school. At far

right is the pastor and school superintendent, the Very Rev. Clement A. Green. Families in the parish have taken the 6 youths into their homes. Hector and Carlos are at the home of Mr. and Mrs. Jack O'Keefe; Maria is with Mr. and Mrs. Albert Slama; Fernando is with Mr. and Mrs. Joe Trecker; and Emma is with Mr. and Mrs. Paul Conrad. (Photo Special to The Star)

Weightlessness means just that—no feeling of weight or pull of gravity as a man and his spacecraft literally fall through space.

Titov was weightless for 25 hours, and Yuri Gagarin for about 90 minutes. Gagarin has not been reported to have experienced any trouble.

Glenn, making a scheduled 3 orbits of the earth, would be weightless about 4½ hours, or 54 times longer than the 5-minute weightless periods of astronauts Alan B. Shepard and Virgil Grissom in their short space hops.

15 Children Now Get Free School Lunch

Free lunches in Lincoln public schools are now being given to 15 children, Miss Esther M. Eisenbarth, school lunch-room chief, said Friday.

School principals have had to re-evaluate cases of need among pupils because of withdrawal of funds from a private agency.

Through this agency's support, the schools gave free lunches to as many as 76 children a day from September through December.

Notes were sent to families whose children had benefited from the free lunches, informing parents of the necessity of re-evaluating cases of need beginning Jan. 1.

The evaluation is still in progress, say school officials, and the number might climb still higher.

Nancy Seacrest Chosen Queen For Junior IFC

Nancy Seacrest, daughter of Mr. and Mrs. Mark Seacrest of Lincoln, was named queen of the University of Nebraska Jr. Interfraternity Council Ball Friday evening.

Miss Seacrest, a pledge of Kappa Kappa Gamma sorority, was the nominee of Sigma Alpha Epsilon fraternity. She was presented by Jim Raymond of Scottsbluff, vice president of the Jr. IFC.

About 600 attended the dance held at East Hills Country Club.

Retired County Judge Can Not Be Acting Judge

A county judge who has retired under provisions of Nebraska's Judge's Retirement Act may not serve as an acting county judge to fill a temporary vacancy, Atty. Gen. Clarence A. H. Meyer held Friday.

The question was raised by Glenn I. Anderson, director of the State Retirement System.

Under the state law as written, it is mandatory that a retired county judge be relieved from further active duties and he cannot serve as acting county judge, Meyer held.

Glenn Is Heading Into Rare Prolonged Weightlessness

Cape Canaveral, Fla. (AP)—Astronaut John Glenn, Jr., is heading into a rare and un-earthly sensation—prolonged weightlessness.

It made Soviet spaceman Gherman Titov kind of seasick. And it might prove to be a hurdle or even barrier to long human space journeys.

Thus doctors will follow with keen interest what, if anything, Glenn feels from weightlessness during his journey scheduled next Wednesday.

500 miles per hour, will literally be falling around the center of the earth. Gravity will be tugging at his ship, and also on Glenn, but their speed will offset that so they remain in a free fall or orbit around the earth.

No Weight

Inside, Glenn will feel no weight. If not strapped down, sudden movements could propel him against the ceiling or sides of his ship.

The crucial medical question is what happens to human beings during long periods of weightlessness, for days or weeks or months if not just for hours. And what happens after weightlessness when a spacecraft is suddenly braked down re-entering the atmosphere, and the suddenly restored gravity is many times its normal force on earth.

Glenn's trip will add some knowledge concerning this peculiar phenomenon.

Just That

Weightlessness means just that—no feeling of weight or pull of gravity as a man and his spacecraft literally fall through space.

Titov was weightless for 25 hours, and Yuri Gagarin for about 90 minutes. Gagarin has not been reported to have experienced any trouble.

Glenn, making a scheduled 3 orbits of the earth, would be weightless about 4½ hours, or 54 times longer than the 5-minute weightless periods of astronauts Alan B. Shepard and Virgil Grissom in their short space hops.

Feeling Gone

Gone will be the familiar feeling of gravity, which keeps us bound to earth, tells you you have weight when you stand or sit, and brings you tumbling down when you slip.

Out in the void of space, Glenn will experience zero gravity.

His spaceship, travelling 17,000 miles per hour, will be falling around the center of the earth.

1621 Deed Bought

Toronto (AP)—A 1621 deed by which King James I gave most of eastern Canada's maritime provinces to Sir William Alexander has been purchased by the Sigmund Samuel Canadiana Gallery of the Royal Ontario Museum. The purchase price was not disclosed. Sir William, a favorite of the king, was given the deed in recognition of efforts to colonize the new world.

Kennedy's New Budget

By WILLIAM O. DOBLER

In a bookkeeping sense, there can be little criticism of the fiscal 1963 budget submitted this week to Congress by President Kennedy. The budget, on paper, is in balance and anticipates what is described as a modest surplus of \$463 million. It sort of takes one's breath away to talk of \$463 million as a modest sum — as though it were pocket money — but such a tag is obviously appropriate when you look at the staggering \$92,537,000,000 annual budget.

In other words, when put into proper perspective, \$463 million wouldn't buy a lot of

hay. And perspective is what is needed on the entire budget because a simple gathering together of totals gives no one a very good picture of what is happening. It is plain to see that the budget is in balance only if a number of things happen, including an increase in postal rates. President Eisenhower, also balanced his last budget with a proposed raise in postal rates but the increase was never granted by Congress. So, the Eisenhower budget was cut by Congress and a deficit was incurred. It is quite possible that this could be the path of the new Kennedy budget.

Proposal To Up Postage

Congress appears at the moment a little more inclined toward an increase in postal rates and some Kennedy proposals will undoubtedly get the axe. This, of course, would help put the President's budget back in balance but there is another element much more important than postal rates, which amount to only \$600 million anyway. This more important item is the state of the nation's economy. A \$10.9 billion climb in tax income is anticipated in the Kennedy budget.

It is this factor which makes it somewhat unrealistic to call the budget balanced. Accounts can hardly be balanced with funds that are anticipated but in no way guaranteed. However, the nation's economy is expanding and the gross national product is rising. Our economic rate of growth at the present time is well ahead of the 2 to 3 per cent that it has been in recent years.

It should be kept in mind that the great bulk of the budget is devoted to military and defense spending with the government's domestic level of spending remaining at a relatively low level. It would be most unusual if Congress failed to cut anything from the budget. It would be a sign, in fact, that the lawmakers had pretty well abandoned their responsibilities. This is not because Kennedy is sure to have a lot of fat in the budget but rather, because Congress and the President could not be expected to see eye to eye on every detail of the budget. But it is hoped that Congress makes its cuts in terms of items and programs rather than in terms of simple economy.

Senate Republican Leader Everett M. Dirksen of Illinois has said that the President's budget is disastrous because of promised future deficits and because of peak expenditures at a time of peak prosperity. The logic of the argument is easy to see but if the nation cannot move forward and enter into new areas of service in times of peak prosperity, when should it be expected to do this? If it cannot present a moving domestic program when incomes are at record highs and business and industrial profits are good, then it might well never be expected to have any such program. Certainly as logical as Senator Dirksen's argument is the reasoning that it is in time of prosperity that we should attempt to meet the challenges of our society — to do those things that will enhance our economy and provide us a stronger foundation with which to withstand any future possible assaults of depression.

O. DOBLER

If we can build into our economy certain structures that cannot be destroyed, structures that provide a permanent financial base, then we are that much better prepared for the future. If we can constantly add to the security of our people in terms of housing, jobs, health, etc., then we have that much more strength with which to meet any future economic crisis.

And if we can provide a means of transition from obsolescence to full productivity for industry, then we need to worry that much less about the traditional ups and downs in the market place. If we can bolster the financial security of our cities with programs that meet the challenges of today, then we will lose a lot less sleep over problems that might otherwise have presented themselves in the future.

In other words, we should devote ourselves to the elimination of the kind of heritage that is spelled out in terms of human want and suffering, in ignorance, in poverty, in slums, in business failures, in unemployment, in the loss of tax bases, etc. If we can eliminate these things, we are never going to have to be overly anxious about the decline of industrial profits, a rise in unemployment, the level of taxation or the national debt. Is it that we simply ignore these things or that we move into a purely socialistic society in which we all contribute to and take from the same pot in equal amounts?

It doesn't mean this at all. It means simply that we act with confidence in ourselves, faith in our nation and dedication to the cause of freedom under democracy. It means we build, not that we just sit and get fat on what we have reaped from a past generation of work and sacrifice. Kennedy's budget is an effort to carry us into those areas and programs which will provide a cushion against traditional pitfalls and disasters of the past.

Seeking The Balance

Nebraskans are well meant, law abiding people and therefore are at loss to account for this affliction of a long super cold winter. Who goofed? Let us find him and deal with him according to his proper deserts. It may be all right for the North Country man to revel in his sun dogs, his aurora borealis, his sub zero weather and his snow so icy that the scream of a wagon tire on it can be heard a mile away. But the Temperate Zone man does not have his dials set right for it. It simply puts him out of business. His only gain is freedom from insects, and relief from the outdoor poet. Such never commune with nature until there are April showers.

It may be different in the north country. Paul Bunyan did his greatest deeds in Jan-

uary. He had his finest period during the winter of the blue snow. It was so cold that year that men's voices froze up. When the spring thaw came the woods rang with the delayed shouting. The blue snow melted and colored the Great Lakes to this day. That was the winter when Paul was so busy lumbering that it took a hundred wagons each pulled by six horses to haul the coffee grounds away from his work camps. And that was the winter he dug Lake Superior and dumped the diggings in South Dakota, forming the Black Hills. But not so here.

All that can be said about our winter is that now each day brings us closer to that time when it will pass away. And, in a way, that's comforting.

Who Did It To Us?

The country has it from its defense secretary—Robert S. McNamara—that the United States now is fully able to destroy the Soviet target system even after absorbing an initial nuclear attack.

Realizing that in any appraisal of war making capacity there is an area of conjecture, still the words of the secretary are reassuring, and very welcome. The presence of such retaliatory power constitutes an immense liability to the adversary, sufficient, certainly, to bar the ultimate appeal to force to gain its way.

But in it there is also a warning against the jingo element in this country which wishes nothing less than an abrupt settlement of the cold war. It is easy to demand

Industrial Development Act Is Approved By Supreme Court

By BETTY PERSON
Star Staff Writer

The Nebraska Supreme Court Friday held that the Industrial Development Act passed by the 1961 Legislature is constitutional except for one provision relating to taxes.

The Court further held that this one portion does not make the entire act invalid.

The test case came in a friendly suit filed by the Attorney General's office against Lancaster County — first political subdivision in the state to use the act to promote industrial development.

Will Build Plant

Lancaster County commissioners adopted a resolution authorizing the issuance of \$3 million in revenue bonds to purchase property on which to construct a plant for the Wander Co., parent company of Dorsey Laboratories, pharmaceutical manufacturers.

The opinion of the court's constitutionality was sought by bonding companies, cities and counties, and other interested parties who wanted no doubt to remain about the validity of the act.

The unconstitutional portion of the act was contained in section 8 of LB159 passed by the 1961 Legislature.

Section 8 provides in part: "Notwithstanding that title to a project may be in a municipality or county, such projects shall be subject to taxation to the same extent, in the same manner, and under the same procedures as privately-owned property in similar circumstances, if such projects are leased to or held by private interests on both the assessment date and the date the levy is made in any year; but such projects shall not be subject to taxation in any year if they are not leased to or held by private interests on both the assessment date and the date the levy is made in any year."

The portion of this section relating to the provision that such projects must be held by private interests on both the assessment date and the date the levy is made in any year

is that which the Court found invalid.

More Restrictive
The Court found that this tax provision in section 8 "is more restrictive than that applying to private interests."

The Court said the status on assessment date alone must govern taxation.

In general comment on the act itself, the Court said, "While we may still feel the financing of private enterprises with public funds is

foreign to the fundamental concept of our constitutional system . . . the constitutional prohibition has been removed by amendment and it is now a part of our fundamental law."

It also commented that it noted the amendment and the act provide that revenue bonds can never become a general obligation of the municipality, then said:

Warning Given
"We suggest, however, that

it is not beyond the realm of possibility that litigation could arise on the point."

"If the municipality were grossly negligent in the issuance of the bonds and it was clearly impossible for the project to succeed, the municipality might be required to defend an action for breach of an implied covenant of good faith."

"Misrepresentation, implied covenant or warranty, and breach of trust are additional theories through which attempts might be made to reach the taxing power."

"We are suggesting that the purpose of the act is to finance responsible enterprises which actually will develop industry, and not to provide a method to finance irresponsible individuals or corporations with limited finances, permitting them to shift all of the risk to the bondholders."

The Industrial Development Act grew out of a special session of the Legislature called by the late Gov. Ralph G. Brooks in August, 1960.

Purpose of the session was to place on the 1960 general election ballot an amendment to the constitution which would allow municipalities and counties to issue revenue bonds to acquire land and construct facilities to be leased to private interests to expand Nebraska's industrial horizons.

Voters Approved

The Legislature supported the amendment which was subsequently given heavy voter approval and enacted into law by the 1961 Legislature.

Gov. Frank Morrison hailed the decision and said, "Today is a historic day in that the Supreme Court held constitutional the important provisions of the Industrial Development Act on which we campaigned in both the primary and general elections and behind which the state generally has been united."

"This will be one of the very important tools in our program for further development in the Nebraska economy."

Morrison expressed his personal appreciation to the "Nebraska Resources Foundation, Nebraska Chambers of Commerce, labor groups, farm groups, the State Legislature and all groups who participated and the private leadership of Charles Uerling of Hastings, for their aid and assistance in the constitutional amendment, legislative enactment and its implementation."

Lexington's Airport Aid Authorized

The State Aeronautics Commission Friday authorized state financial aid for a proposed \$160,000 airport project at Lexington.

Involved is the construction of a new paved runway 3,500 by 50 feet, running northwest-southeast. Involved also is acquisition of necessary land, including enough to permit eventual extension of the runway to 4,100 feet; and installation of taxiway, apron and lighting.

Under the fund matching arrangement, the state would supply \$40,000; the city would supply an additional \$40,000, and the federal government would provide \$80,000 from fiscal 1963 allocations.

Members of a delegation delivering Lexington's bid to the commission included James Kelly, chairman of Lexington's recently-created airport authority; Roy R. Reutlinger, authority secretary; Merle Dunlap and Delmar Salisbury, authority members, and engineer Bart Hickey of North Platte.

Kelly said Lexington anticipates no problem in acquiring the land needed for the new runway and has been assured that revenue bonds can be issued to raise the \$40,000 local portion of the cost.

HAZARDS AND FUN BOTH GONE

Decatur, Ill. (AP) — Nelson Park has a hill that has been swarming with youngsters and their sleds during the current winter sports season.

Lacy Chandler, park director, feared the children might ram into a string of tree stumps at the end of the coasting run so he sent out a crew to uproot them and clear the course.

Friday the hill was deserted. The kids have moved to another hill where there are trees at the end of the run.

St. Joseph To Lincoln Train Drop Okayed

The State Railway Commission announced Friday it has authorized the Burlington Railroad to abandon passenger service between Lincoln and St. Joseph, Mo.

Eighteen Nebraska cities and towns will be affected by the discontinuance. The municipalities are Rulo, Preston, Falls City, Salem, Dawson, Humboldt, Table Rock, Pawnee City, Burdard, Liberty, Wymore, Blue Springs, Beatrice, Dewitt, Wilber, Crete, Denton, and Lincoln.

A hearing on the Burlington's request to abandon the passenger service was held at Wymore Jan. 3.

Date Not Known

When the Burlington will terminate the passenger service was not immediately known.

At the Jan. 3 hearing only two of the 18 towns and cities affected sent representatives, but written objections had been filed with the commission earlier by nearly all of the Nebraska towns on the 187-mile route.

During the hearing, Leo J. Meyer, auditor of expenditures for the railroad, testified that passenger service showed a net loss of \$68,372 in 1960 and \$60,961 for the first 10 months of 1961.

Exhibits presented showed that the chief revenue on the route was coming from mail contracts. The 1960 mail revenue was \$67,740, and the passenger service revenue only \$8,719, the railroad said.

The Burlington also testified that an application already is pending by the railroad to handle present rail express by bus and truck, regardless of the outcome of the application to suspend passenger service.

Burlington officials said additional star routes would absorb the mail distribution load without loss of service.

LIFE BEGINS AT FORTY:

Wife Claims Her Husband Keeps Her Social Security Money

By ROBERT PETERSON

Q. "My husband has been receiving social security of \$123 a month. When I recently turned 65 we were notified that the payment would be increased half again to \$184.50. Now that the larger check is coming through I tell my husband he should give me this extra amount to spend as I choose. But he pockets the whole check and says since he pays the bills the entire check is his. What can I do?"

A. That extra sum of \$61.50 is legally yours. I'd suggest you use your feminine persuaders to get him to give you this sum monthly.

Right On The Nose

Washington (UPI) — President Kennedy's chief economic adviser is a good guesser when it comes to figures. Walter Heller, chairman of the President's Council of Economic Advisers, took part in a pool with other council members a couple of weeks ago and guessed that their message, to be released at noon Monday, would run 300 pages. The Council's message with the President's economic report runs exactly 300 pages, it was revealed.

Main Feature Clock

Stuart: "Bachelor Flat," 1:25, 3:25, 5:25, 7:25, 9:30.

Nebraska: "Romanoff and Juliet," 1:10, 3:15, 5:20, 7:20, 9:25.

State: "Babes In Toyland," 1:11, 3:21, 5:24, 7:27, 9:30.

Varsity: "The Roman Spring of Mrs. Stone," 1:26, 3:24, 5:22, 7:20, 9:18.

Joy: "The Comancheros," 7:15, 9:15.

Starview: Cartoon, 7:30. "The Rat Race," 7:37. "Psycho," 9:25. "Blue Denim," 11:15.

84th & O: "Blood of Dracula," 7:15. "It Conquered the World," 8:40. "The Night of the Blood Bust," 10:00. "The Headless Ghost,"

ly. If you can't talk him into it and are insistent on having that money for yourself go to your nearest social security office and explain the situation. Ask them to mail you a separate check in your name for the amount of \$61.50 monthly, and to resume sending your husband the amount he previously received.

Q. "I'm a real estate salesman, 55, have been with the same firm a quarter century, and have always lived here. But every now and then I get so fed up with everything I want to take my savings of \$10,000 and slip away and lose myself in a brand new community."

A. Many people get momentarily overcome by boredom and do foolish things such as leaving good jobs and hometowns without having a definite plan. In a few months they are generally sorry for their rash action. I suggest you take a few weeks of vacation and spend it poking around some area you think might interest you. Chances are this will drive the wanderlust from your system. Don't forget that your \$10,000 won't last long if you're not working, and remember that older people often have difficulty finding suitable work in new communities.

Q. "For heaven's sake start emphasizing in your column the need for older people to be careful crossing the street. In 1955 I wasn't watching and crossed against the red light and was hit by a car. For the past seven years I've been in and out of hospitals and all our savings are wiped out. There has also been the terrible pain, and the chagrin of realizing it was all my own stupid fault."

A. We need to emphasize safety as we grow older. Statistics show that eld-

ers have the highest pedestrian accident rate of any other age group. They are also victims of the highest number of fatalities and broken bones from accidents around the home. Since broken bones and other injuries heal much more slowly when one is along in years, we should become increasingly cautious as we grow older.

Q. "You're always harping on the need for people to save money for retirement. But don't most working people expect to get pensions from the firms for which they work?"

A. No. Only about 4% of all employees in private industry work for firms which offer their employees pension plans. This fact was revealed at a recent conference of the National Council on Aging.

If you would like a booklet "Tips on Struggling Retirement Income" write to this column c/o The Lincoln Star enclosing a stamped, self-addressed envelope and ten cents to cover handling costs.

Without ME YOU can do NOTHING

—so the vine said to the branches. Separated from the vine the branch became dead wood. We boast of our strength and the part we play but oh, how dependent on God we really are. The physical body must have goods we cannot get except they come from God... air, food, water, companionship and even wealth. It is all part of a living universe. By itself all of this would be dead wood. The Christian without Christ becomes fruitless... dead. The human is nothing apart from the divine. God not only created life, He also sustains it. Our health, strength, success are all God's gift. Better stop Mister, long enough to give Him credit. Without Him we can do nothing.

You In The Church
The Church In You
—form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker and attend services regularly.

So They May See .. Psalm 5 .. So They May Hear

GIVE EAR TO MY WORDS, O Lord, consider my meditation.

2. Harken unto the voice of my cry, my King, and my God: for unto thee will I pray.

3. My voice shalt thou hear in the morning, O Lord; in the morning will I direct my prayer unto thee, and will look up.

4. For thou art not a God that hath pleasure in wickedness: neither shall evil dwell with thee.

5. The foolish shall not stand in thy sight: thou hatest all workers of iniquity.

6. Thou shalt destroy them that speak leasing: the Lord will abhor the bloody and deceitful man.

7. But as for me, I will come into thy house in the multitude of thy mercy: and in thy fear will I worship toward thy holy temple.

LEAD ME, O LORD, in thy righteousness because of mine enemies; make thy way straight before my face.

9. For there is no faithfulness in their mouth; their inward part is very wickedness; their throat is an open sepulchre; they flatter with their tongue.

10. Destroy thou them, O God; let them fall by their own counsels; cast them out in the multitude of their transgressions; for they have rebelled against thee.

11. But let all those that put their trust in thee rejoice: let them ever shout for joy, because thou defendest them: let them also that love thy name be joyful in thee.

12. For thou, Lord, wilt bless the righteous; with favour wilt thou compass him as with a shield.

Be Strong — Be Faithful — Be In Church

Two Costume Parties Depict Roaring Twenties. Bobby Sox Set

They turned the clock away, way back last evening at the Inter Com Club. The members—no guests—had a Roaring Twenties party, a costume affair that brought back the flappers, shingled hair, short skirt and fringe for the ladies. For the men costuming was a bit more

difficult, unless there were some Norfolk jackets around — or perhaps a raccoon coat — or maybe a blazer which seems to be holding its own evening in the sleek sixties. There was a variety of fun at the party — Charleston contests — and this and that, and it is safe to say that no one was bored. We hear that the members of the Inter Com Club's board of directors are the party planners for the organization. Four special parties a year for the members. Pictured are (from the left) George Hamcock, Mrs. Hamcock, Mrs. Yvonne Quist and B. W. Hardesty. It was a teen-age "Bobby Sox" party for the members

of the Midnighters Dancing Club whose dance at Cotner Terrace was followed by breakfast. The Midnighters, however, had a committee to plan its Friday evening event — Serving as the chairmen were Mr. and Mrs. Robert Allen who were assisted by Mr. and Mrs. Gilbert Deitemeyer and Mr. and Mrs. Reid Devoe. Pictured are (from left to right) in the front row, seated, Mrs. Gil Deitemeyer, Mrs. Clarence Mitchell Jr., Mrs. Bob Allen, Mrs. Richard H. Sullivan, Mrs. Roy Blazek, Mrs. Marlin McCune, standing in the back, Mr. Dietemeyer, Mr. Mitchell, Mr. Allen, Mr. Blazek, Capt. Sullivan, and Mr. McCune.

Talk of the Town

More party talk this morning —

This evening, for instance, the Saturday Night Dancing Club is having a "Silver Dollar Cabaret" dinner dance this evening at Hotel Cornhusker.

Arranging the details of the party is a committee which includes Mr. and Mrs. Robert Mallory, chairman; Mr. and Mrs. Cecil Brubaker, Mr. and Mrs. Roger Cunningham, Mr. and Mrs. Glenn Deeter, Mr. and Mrs. Homer Hamilton, Mr. and Mrs. Ted Sick and Dr. and Mrs. W. W. Lamphere. Dinner dance guests will include Mr. and Mrs. Charles Bartlett, Mr. and Mrs. Len Adams, Mr. and Mrs. John Dudgeon and Mrs. Helen Edwards.

Also dining and dancing this evening will be the members of the Stardusters Club who will have their "Winter Scene" party in the Terrace Room at Hotel Lincoln.

Since the Stardusters are brand new as a dancing club, we think you might like to know that the officers include Mr. and Mrs. Dayle Johnson, president; Mr. and Mrs. William Crosby, secretary; Mr. and Mrs. Melvin Meyers, publicity, and music; Mr. and Mrs. Leslie Ryman.

Planning this evening's party is a committee composed of Mr. and Mrs. Boyd Hartsook, chairman; Mr. and Mrs. George Andreas and Mrs. James Haworth.

Back home again are Mr. and Mrs. Ernest E. Taylor who have returned from a three weeks holiday spent on the west coast. Mr. and Mrs. Taylor were the guests of their son and daughter-in-law, Mr. and Mrs. Don E. Taylor, and their grandsons — Rex and Gary, in Los Angeles. From Los Angeles Mr. and Mrs. Taylor went to San Francisco where they visited briefly with Mr. and Mrs. F. G. Dickson before turning homeward.

Chatter—in the—Corridor

BY MOLLY DOW All the Lincoln Y-Teen members will surely be busy next week-end, because the annual Snow Ball Dance is to be held, Wednesday, at the Cornhusker Ballroom. Bill Albers will provide the entertainment.

Each Y-Teen group has already voted for princesses and attendants. Each princess will receive a special pin.

Also on the agenda for Southeast students is a "Twist" party given by the Synkra Knights on the same day. The new officers will be announced there.

The next three days of school are probably the worst in the semester because they are filled with tests. There have even been some this Thursday and Friday because some teachers need to (or want to) have two or three.

After carefully checking each person's schedule, the office makes a chart of when each semester test will be. How peculiar that most all students have them all on either Monday or Wednesday.

Of course these really aren't so hard, because the teachers say just what will be on the tests—EVERYTHING. "It will be over the material in chapters 1 through 20 or the first 200 pages in the book and anything else I have said in class." The latter part is especially bad because either you haven't been listening or you haven't even been coming to class.

By the way, these tests absolutely cannot be made up even if you are on your dying bed. One unlucky student comes down with the "Four Day Measles" the night before the chemistry final. However, he trudges off to school the next day so he won't receive a "20." He immediately exposes everyone in the school to this awful disease and they become sick — the night before the SEMESTER VACATION! How terrible!

Hear Speaker

Guest speaker at the Tuesday meeting of Lakeview PTA was Lt. Gail Gade of the Lincoln Police whose topic was, "Police and The Juvenile". Hostesses for the social hour were Mrs. Melvin Sherman and Mrs. Erland Osberg.

WHERE'S EVERYBODY?

PARK MANOR

In spite of the snow and cold and windy weather Lincoln has been having this past week, activity in suburbia continues at a fast pace seemingly oblivious to these adverse conditions.

There were guests last week end visiting at the home of Mr. and Mrs. Donald R. Yates. Mr. and Mrs. Donald Bauer and their son, John, of Kearney spent the week end in the suburb. The Bauers formerly resided in Lincoln and Park Manor, and moved to Kearney about a year and a half ago.

Bridge clubs have been busy this week, also. Mrs. Howard Miller was hostess

at her home on Monday evening to the members of the Franklin Street Bridge Club. There were three tables entered into the scoring competition.

And this coming Monday, Mrs. Ernest O. Anderson will be hostess at her home for an evening of bridge. There will be two tables competing for high score and at the close of the evening, the group will enjoy a pizza supper.

Now on to the coffees, which seem to be more plentiful than ever this week in the news of suburbia. On Tuesday, Jan. 9, Mrs. Jack Irvine was hostess to a group of her neighbors when

she paid courtesy to Mrs. Marvin Winders.

Mr. and Mrs. Winders and their three children, Steven, Phillip and Suzanne, moved last week from their home at 5901 Franklin to their new home in Eastridge.

Mrs. Kenneth L. Popp also will be a coffee hostess in the near future. On Wednesday, Jan. 24, Mrs. Popp will entertain the officers of the Delta Delta Delta Alumnae Club at her home.

There has been, and will be, a great deal of activity at the Donald E. Kuhle residence. There have been guests, two birthdays in the family, and several parties for family members recently.

We'll start at the beginning. On Monday, Jan. 8, Kim Kuhle celebrated her sixth birthday. Five of Kim's friends were invited for the afternoon and supper at the Kuhle home.

Then the following Sunday, Jan. 14, Mrs. Kuhle celebrated her birthday. Four couples were invited to the Kuhle home Sunday evening to celebrate the occasion.

Also last week end, Mrs. Kuhle's parents, Mr. and Mrs. Earl Albertus and their son, Dan, visited at the home of their son-in-law and daughter. The Albertus family lives

in Sioux Falls, S. D., where Mrs. Albertus is state director for retarded children.

Now on to the future. This evening, Mr. and Mrs. Kuhle will be host and hostess to 14 couples for an informal evening of roller skating — at the rink, of course. Following an evening of the sport, the group will return to the Kuhle home for refreshments.

On Monday evening, Mrs. Kuhle again will be hostess at her home where she will entertain in courtesy to her sister, Mrs. L. Daniels. Twenty guests have been invited for a dessert supper and pink and blue shower.

Another birthday celebrant this week was Ann Thone, daughter of Mr. and Mrs. Charles Thone. Ann was four years old on Monday, Jan. 15, and had a very special kind of birthday party. The honoree and seven of her friends were taken on a bus ride, a first and fascinating experience for most of them. Following the trip, the group returned to the Thone home for supper.

This past week end also proved to be rather an exciting one for two Park Manor boys. Tom and Terry Adams, sons of Mr. and Mrs. Ralph Adams, went to Sioux City, Iowa, where they saw

Pius X High School play Heelan High School at basketball. Tom and Terry were former students at Heelan High before moving to Lincoln.

Also on their week end agenda, the boys visited former friends and their sister, Sandra, who is attending school in Sioux City.

PATRICIAN HEIGHTS

There was a surprise in store for William J. Reiley on Saturday evening when he and Mrs. Reiley attended the meeting of the Northeast Jeans and Calico Club of which he and Mrs. Reiley are co-presidents. It seems it was Mr. Reiley's birthday and someone in the club

found out about it. Therefore, half-way through the evening a huge birthday cake was presented to Mr. Reiley.

It was a farewell party for Mrs. John I. Bucy on Wednesday evening. Members of Mrs. Bucy's bowling team honored her with a "night on the town" previous to Mr. and Mrs. Bucy's move to their new home in Missouri. Those attending the farewell party were Mrs. Dan Holmstedt, Mrs. Willis J. Gordon, Mrs. Albert Priess, and Mrs. Carl Peckman in addition to the honoree. The group began the evening with dinner followed by a movie.

Adding to the long list of pre-nuptial courtesies honoring Miss Pamela Nootz, whose marriage to Rex Martin will take place on Saturday, Jan. 27, at Columbia, Mo., was the afternoon tea last Wednesday for which the bride-elect's mother, Mrs. Harold R. Nootz, and her sister, Miss Carol Nootz, were hostesses. Fifty guests were invited to the Nootz home for the

2 o'clock to 4 o'clock affair. The wedding of Miss Nootz and Mr. Martin will take place at the Green Memorial Chapel on the campus of the University of Missouri, where both are students.

Revealing plans this morning for her approaching wedding is Miss Kay McCormick, a Pi Beta Phi at the University of Nebraska, who will become the bride of Lt. Ron B. Warren of Sioux Falls, S.D., on Saturday, Feb. 17.

The marriage will be solemnized at a 10 o'clock morning service at St. Joseph's Church in York.

For her maid of honor, the bride-to-be has chosen Miss Nori Yost of Fremont, and her bridesmaids will be Miss Barbara Bakker and her fiancée's sister, Miss Connie Warren, both of Sioux Falls.

Jim McCormick of York, twin brother of the bride-elect, will serve Lt. Warren as best man, and seating the guests will be Peter Hegg of Sioux Falls, and Keith Christopherson of Lincoln.

BRIDES

PTA Workshop Planned

Executive committee members of the Nebraska Congress of Parents and Teachers will meet in Lincoln at the Hotel Cornhusker on Wednesday, Jan. 31, to complete plans for the state organization's annual spring convention, to be held in April at Alliance.

On Tuesday, Jan. 30, the organization will sponsor a PTA workshop on legislation, to begin at 9:30 o'clock at the Hotel Cornhusker.

Workshop speakers will include Hubert H. Wolfe of the State Department of Education, who will speak on "Sound School District Reorganization", and Dr. LeRoy Ortgiesen, also of the State Department of Education, whose topic will be, "Teacher Preparation and Certification".

State Senator George Syas

of Omaha, chairman of the legislative committee on education, will address the group on "Plain Talk — Political Responsibilities of the PTA". Also speaking at the workshop will be State Senator Richard D. Marvel of Hastings, chairman of the legislative budget committee.

The Nebraska PTA also has announced the recipients of its annual college scholarships. Financed through the PTA state Life Membership awards, the 48 scholarships presented this year total \$4,984.50.

Recipients and their schools are: University of Nebraska, Marla Jean Fortkamp, Champion; Janis Maxine Cargill, Scotia; Suzanne Kay Weiss, Geneva; Pauline Faye Hill, Kilgore; Norman Lee Papke, Pickrell; Del-

mar Dean Coe, Scottsbluff; Alfreda Ann Stute, Haigler; Paul Terry Jackson, Larry Reuben Gerlach, Martha May Ewert and Suzanne Lee Moffitt, Lincoln.

Chadron State College, Roger Lee Green, Bayard; Norman Eugene Wilson, Woodlake; Howard Heath, Oshkosh; Clayton Bill Dobbins, Kimball; Everett Miller, Sidney.

Kearney State College, Mary Eileen McAfee, Fullerton; Melody Ann Neustrom, Central City; Lynne Yost Jergensen, North Platte; Patricia Ann Burks, Stratton; Mary Elizabeth Schaffert, Curtis; Douglas James Long, Hershey; Jacques Dubois, Grand Island; Allen Eugene Kelley, Litchfield; Frances Arlene Trotter, Broken Bow. Peru State College, Elinor

Sue Keefer, Papillion; Ardith Ann Marie Pratt, Cook; Ruth Helen Rulla, Sterling; Merlin Charles Wright, Steinauer; Rex Leland Filmer, Peru; Ray George Meister, Humboldt.

Wayne State College, Marilyn Jean DeGroot, Madison; Janean Mary Nast, Hooper; Carole Ann Wright, Wayne; Judith Jelene Maurer, Humphrey; LuRay Carmen Landholm, Fremont; Larry Gene Forslund, Norfolk; Darlene Cecelia Dalton, Wausa; Dean Raymond Strenger, Cedar Bluffs.

University of Omaha, Delanne Kay Heldt, Ann Elizabeth Buis, Judith Risley Ryan, Beverly Ann Merica, Marie Walter, Elaine Ruth Battelle, Donald Wagner, Annabelle Marie Martin, and Betty Jean Neal, all of Omaha.

Service Circles Busy, As Usual

BY TISSIE LINSCHIED
On Wednesday the Inter-Com Club was the setting for a farewell luncheon in honor of Mrs. John M. Parker. Mrs. Parker will depart LAFB Monday for New Bedford, Mass., where she will visit with her parents, Mr. and Mrs. Marcel Borkowski, while Maj. Parker completes his B-58 training in Texas. The members of Mrs. Parker's bridge club were the hostesses for the afternoon, and the group included Mrs. Russell Heller, Mrs. Harold C. Morrison, Mrs. Sherman Martin, Mrs. Richard McKenzie, and Mrs. Gerald Linschied. During the afternoon festivities, Mrs. Parker was presented with a ribbon corsage with a farewell disc attached and a spoon rack with planter. Guests included Mrs. Lillian Bertram, Mrs. Lynn Johnson, Mrs. Donald Kellum, Mrs. James Pumphord, Mrs. Dean Caneby and Mrs. Parker's mother, Mrs. Marcel Borkowski.

Mrs. James A. Forgas and Mrs. Henry E. Grogan were co-hostesses to a surprise, bridge-stork shower in honor of Mrs. Richard F. Arens Monday night. The party was held at the Dudley Street residence of Mrs. Forgas. Guests included Mrs. James Meeks, Mrs. J. W. Whitehurst, Mrs. Earl Buys, Mrs. Don C. Hall, Mrs. Jerold Eustace, Mrs. Donald B. Horn, Mrs. Gary E. Walton, Mrs. William Stringfellow, and Mrs. John C. Blewitt.

Mrs. Dean H. Smith entertained her OWC Welcome committee at a luncheon Thursday, in the Green Room of the officers club. The occasion was also a surprise stork shower for Mrs. John Crook. The center of the table was adorned with a lovely arrangement of yellow carnations that later was given as a door prize, won by Mrs. Willie Moser. Committee members enjoying the afternoon were Mrs.

John Crook, Mrs. Carl N. Grending, Mrs. Joe V. Di-sana, Mrs. Willie Moser, Mrs. H. D. Williams, Mrs. Roland G. Fox, Mrs. Donald J. Meade, Mrs. M. V. Ordway, Mrs. Richard Juhnke, Mrs. Don Lewis, Mrs. Dean G. Smith and Mrs. Delwin K. Bopp. Mrs. Robert T. Schrawger, OWC past president, was an invited guest.

The 307th Headquarters Squadron officers wives held their monthly coffee Thursday morning at the Officers Club. The theme was a "hard times" coffee and was unusual in that the beverage was served in a variety of mugs. Mrs. Lillian Bertram, mother of the 307th Bomb Wing Commander, Col. William S. Bertram, was a special guest and was presented with a corsage. Newcomers welcomed to the squadron were Mrs. Ray Stuck, Mrs. Ronald McCartan, Mrs. Richard Coon and Mrs. Robert Coffey. A game of welcome bingo was played and winners were Mrs. J. B. Taylor, Mrs. Robert Coffey, Mrs. Ronald McCartan and Mrs. John F. Mattarocchia. Hostesses included Mrs. Richard McAuliffe, Mrs. William Miller, Mrs. Russell Heller and Mrs. John B. Mattioli.

Lt. Col. and Mrs. George L. Miller have as a house guest, her mother, Mrs. Charlotte Heinen from Minneapolis, Minn.

Mrs. Daniel Dolan entertained sixteen guests at her Vance Road residence, at a farewell coffee for Mrs. Ray Bischoff and Mrs. Roger Co-well.

The 551st Missile Squadron will have its monthly coffee Thursday morning at the LAFB officers club at 10 o'clock. Hostesses for the occasion will be Mrs. Wilbur Ewing, Mrs. Joseph Archer, Mrs. Edward Bailey and Mrs. Ray Coley.

M. Sgt. and Mrs. Duane Segrist had as their house guests, Mrs. Segrist's parents Mr. and Mrs. Joe Hill; her sisters, Miss Geraldine Hill and Mrs. Darleen Case, and daughter, all of Billings, Mont. Mrs. Segrist's parents departed Tuesday for Wichita Falls, Tex., on vacation.

Mrs. George L. Miller will be hostess at a bridge luncheon next Wednesday at her Walker Drive residence, in honor of her mother, Mrs. Charlotte Heinen. Invited guests will be Mrs. Glen J. Lally, Mrs. John Gallagher, Mrs. Earl Holcomb, Mrs. N. Sargoligos, Mrs. Thomas W. Boles, Mrs. Lee J. Craft, Mrs. Paul Hennings, Mrs. Lamar Ledbetter, Mrs. Donald R. Shilling, Mrs. William H. Montgomery and Mrs. B. A. Quam.

The NCO Wives Club are sponsoring a potluck dinner next Friday at the NCO Club at 7:30 o'clock.

The Airmans Wives Club will hold an installation dinner Monday night at 7 o'clock at the USO Club. The dinner will be potluck and all members and their husbands are cordially invited.

Miss Tracey Foster, daughter of Mrs. Dick Foster will entertain a group of friends this afternoon, in celebration of her fourth birthday. Guests will be Bret Smith, Lorrie Conk, Mickey McQuaid, Dick Davison, Randy Bucy, Wendy Harp and Sharon Timmons.

Maj. and Mrs. John B. Mulkey will have a "pheas-

ant feed" tonight at their Walker Drive residence. Invited guests for the occasion are Lt. Col. and Mrs. Charles Gove and Mrs. Dick Foster. Lt. Col. and Mrs. Thomas Powell entertained last Saturday evening at their Walker Drive residence in what the guests termed an International dinner. The dinner consisted of a Caesar salad, Continental chicken, Tibetan rice, beans Normandy and ended with a southern touch pecan pie for dessert. Guests enjoying the evening were Mr. and Mrs. Harold P. Stebbins and Col. Mark J. Burke.

Mrs. Glen J. Lally gave a luncheon at her Sarnoski Drive residence last Wednesday for the past officers and committee chairman of the 424th Bomb Squadron officers wives club. Guests were Mrs. Earl Buys, Mrs. William C. Held, Mrs. Larry J. Miller, Mrs. Robert K. Ace, Mrs. Frank D. Chamberlain, Mrs. Roger G. Beamer, Mrs. Vincent J. Kovacich, Mrs. Bob Collins, Mrs. Robert D. Hanson and Mrs. Garland G. Gee.

Capt. and Mrs. Don Shupert will host a farewell canape party at their Walker Drive residence in honor of Lt. and Mrs. Albert Makerski. Lt. and Mrs. Makerski will depart Monday for California where he will undergo further flight training after which they will return to Omaha. Invited guests were Capt. and Mrs. Wayne Hagen, Capt. and Mrs. Wallace A. Hobach, Capt. and Mrs. Ray Bischoff, Capt. and

Mrs. James Lee, Capt. and Mrs. Simend E. Dahle, Lt. and Mrs. E. T. Powell, Lt. and Mrs. Edwin A. Vokes and Lt. and Mrs. Gary L. Campbell.

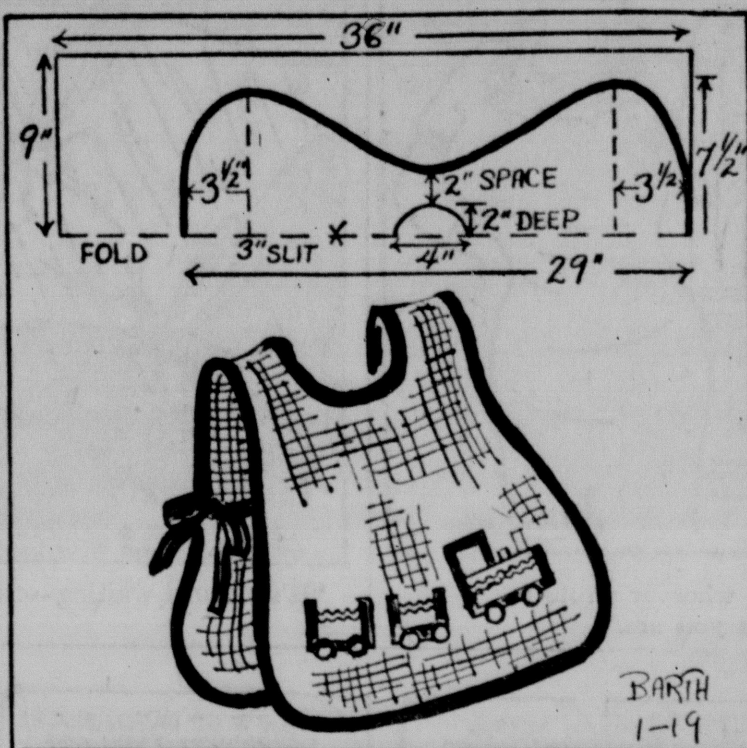

Mrs. Frank Guber hosted a farewell handkerchief shower at her Seville Road residence last Saturday evening in honor of Mrs. Frank Gelwicks. Mrs. Gelwicks will be leaving soon for Pennsylvania where she will reside while her husband completes a tour in Japan. Guests were Mrs. Robert Fair, Mrs. Robert Burdsal, Mrs. Robert Beem, Mrs. John Meteyer, Mrs. Steve Tarezi, Mrs. Jim Bitner, Mrs. Ronald Jacobs, Mrs. Richard J. Jones, Mrs. Mike Burlakoff, Mrs. William Rohrberg, Mrs. Jim Hayes, Mrs. William O'Melia and Mrs. Ralph Oltmann.

The 372nd Bomb Squadron officers wives club held an election-dessert coffee last Tuesday afternoon in the Green Room of the Officers Club. The newly elected officers are: Mrs. John B. Shiffert, chairman; Mrs. Henry Grogan, co-chairman; Mrs. John H. Quirk, treasurer, and Mrs. Gabriel A. Kardong, party chairman. Centerpieces were wicker baskets with spring flower arrangements and were awarded as door prizes to Mrs. John M. Parker, Mrs. Ronald R. Kunz, and Mrs. Billy S. Lyons.

Hostesses for the afternoon were Mrs. John B. Shiffert, Mrs. James C. Stephens, Mrs. Larry Talovich and Mrs. David P. Husah.

It Seems To Me

An Easy To Make Pinafore

PATRICIA SCOTT

Toddlers are cute, adorable little angels, but they do get grubby. One solution to keeping their pretty clothes clean for a little while, is a cover-up pinafore.

Make one in gingham check with pockets that look like a railroad train.

You'll Need:
1/2 yard Gingham Check
1/2 yard double fold bias tape

Fabric scraps for the trains
Rickrack for train trim
6 buttons for wheels

To Make:
1. Fold the fabric in half lengthwise so that the folded piece measures 9" x 36". Following diagram, start at one end of the fold and measure over 29 inches. Find the center point of the

fold (14 1/2") and mark it for the neck opening. Measure 2 inches on either side of the center and mark. Draw a line 2 inches up from the center mark (perpendicular to fold). Now, join these three marks forming the neck opening, which is 4 inches long and 2 inches deep. Mark the rest of the diagram as shown. Make a 3-inch slit from neckline to the "X" mark shown. This will be the back neckline slit. The dotted lines are

front and back guide lines for placement of train pockets. The pockets do not have to be put on both the front and the back. They are just a design. They are attractive decorations on both sides but are necessary only on the front.

2. Bind the edges of the neck slit. Bind the neckline opening starting and ending with 9 inches of loose binding ties.

3. Take one yard of binding and stitch its edges together down the length. Cut it into four 9-inch pieces. Pin one end of each strip 6 inches down from the shoulder on each side edge for under-arm ties.

4. Bind entire outside edge of pinafore.

5. Fabric Train Pockets:
a) Engine Cab: cut one 2" x 4" piece. Fold to 2" x 2".
b) Engine body: cut one 4" x 4" piece. Fold to 4" x 2".
c) Car bodies: cut two 3" x 4" pieces. Fold to 3" x 2".

6. Top-stitch two rows of rickrack just below the folded edge of each pocket. Bind together the raw edges around the three sides of each pocket.

7. Stitch the opened-tape smoke stack to the pinafore and the engine. Then stitch the cab to the pinafore. Next stitch the train pockets.

8. Sew two buttons to each car and to the engine for wheels.

5 NT Pass 6 NT Pass

The bidding:
Opening lead — two of diamonds.

It is usually poor policy to falsecard when you are on defense. In most hands you are more apt to fool partner than declarer if you falsecard, and defense being difficult enough as it is, the steady practice of trying to mislead declarer is a losing proposition in the long run.

However, you do get hands on defense where it does not matter whether partner

is fooled by your plays, but it does matter whether declarer is taken in by your strategy. Such hands, comparatively rare though they are, may produce beneficial results when deceptive tactics are employed.

Look at this deal where South got to six hearts. He used Blackwood, and learning that North had three aces, contracted for the slam.

West led a diamond. Declarer played low from dummy, East winning with the ace. East thereupon returned the five of diamonds!

Of course, if South had known that East also had the king of diamonds, he could have discarded a spade and made the slam. But not having the benefit of seeing East's cards, South ruffed the diamond and proceeded to stake his hopes on the success of a spade finesse. He naturally assumed that West had the king of diamonds, in which case the spade finesse offered the best chance.

But the spade finesse, when South attempted it later, lost to the queen and he went down one.

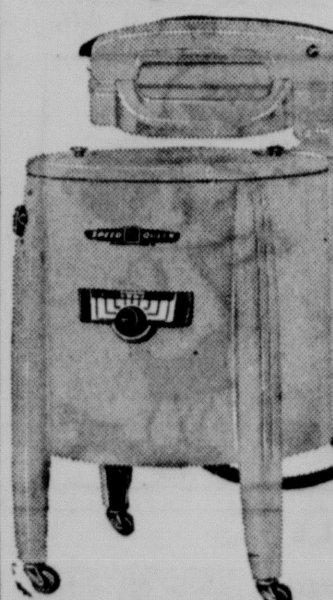

East's normal play on the opening lead would be to win the trick with the king. However, this play would have given the show away, because, for practical purposes, it would have marked him with the ace. Declarer could then, in turn, later trap the ace by leading the queen of diamonds and thus avoid a spade loser.

By playing the ace on the first trick, East created the impression in declarer's mind that West had the king. The low diamond back served to strengthen South's conviction in the matter. East was on safe ground in returning a diamond. He knew from the lead that West had either four diamonds or a singleton.

Advice to future Pius X opponents: When in doubt, don't foul Pat Fitzpatrick!

Hastings Tops SE By 64-47

Hastings — Hastings' tall

Tigers signalled an explosion late in the first half and then let loose in the 3rd quarter to whip Lincoln Southeast 64-47 here Friday night in Mid-East Conference action. Hastings' front line of 6-4 Al Motley, 6-7½ Al Reiners and 6-8½ Doug Marvel was too much for the Knights, who lost both the shooting and rebounding derbies. Coach Bob Lohrberg's Knights were in contention most of the first half, but couldn't stand the pressure in the second. SE trailed only 24-23 when Bill House hit two free throws with 2:35 left in the half, but Hastings scored 7 in a row and took a 33-25 lead at intermission.

Motley flipped in 7 points in the 3rd quarter as Hastings outscored the Knights 23-11 and were home free with a 56-36 margin. Motley fired 23 points for game honors while Reiners hit 16. The Tigers led 40-23 in rebounds and SE took only a handful in the fatal 3rd quarter.

Harry Leth and Bob Schuchman were high for the Knights with 8 apiece. SE is now 2-6 for the year, Hastings the reverse at 6-2.

The Knights host unbeaten Bellevue tonight at the SE gym.

STRETCH, LADS... Beatrice's Jim Schultz (23) and Dave Minick of Pius X Scrap For A Rebound As Teammates Watch. (Star Photo)

The 5-8 junior hit 5 of 6 free throw attempts in the final minute and half to lead the Thunderbolts' past Beatrice, 57-51, in a foul-ridden game at the Pius X gym Friday night.

Fitzpatrick's gift tosses matched his clutch performance last week when he sank 3 foul shots after the end of regulation play to trip Grand Island Catholic.

The Thunderbolts held a 15-7 lead early in the first quarter but a 9-point spurge by Beatrice ace Eldon Weimers paced the Orangemen to a 24-17 advantage midway in the quarter.

Pius X closed 26-28 before intermission and after half-time pulled away and were only pressed at 50-47 before Fitzpatrick went to work at the free throw line.

Providing the early spark for Coach Vince Aldrich's crew was Jim Sullivan who hit 10 points, all but two on free throws, before fouls sidelined him.

Bench support by rugged Pat Ryan and flashy Bob Sawdon filled the gap when Sullivan and Dave Minick were benched with 4 fouls early in the action.

In all, Pius X committed 23 infractions while Beatrice lads were whistled 22 times.

Both teams were effective at the free throw line with the Orangemen hitting 23 for 33 attempts and Pius X collecting 25 of 35 tries.

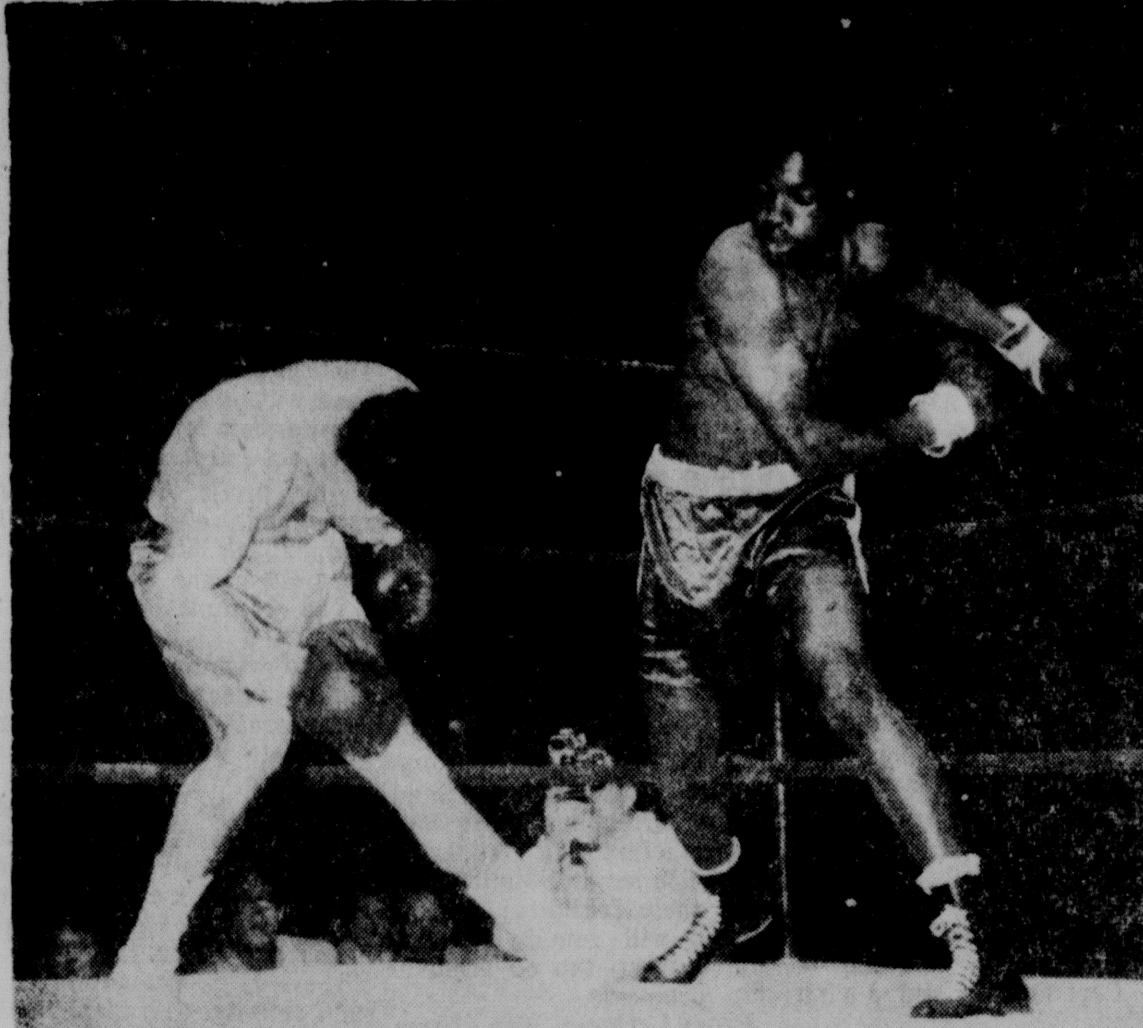

The 'Bolts trailed in field goal accuracy 31% to 40% for Beatrice, but got off 16 more shots from the field.

Weimers finished high for the night with 22 points while Fitzpatrick totaled 17. Rick Hamner provided 11 for the Orangemen.

The win boosted Pius X's record to 4-3 while Beatrice is mired at 0-7.

Tonight the 'Bolts travel to Omaha for a game with Cathedral.

EUGENE ACOSTA... (left) ducks away from a roundhouse swing by Willie Curry enroute to featherweight win.

LEBSACK SPARKS NE TO 4TH WIN, 68-52

... HITS 30 POINTS TO DROP SOUTH

Sluggin' Dave Lebsack, an all-star quarterback, banged in 30 points Friday night to send Northeast's basketball team rolling to its 4th victory in a row, 68-52 over Omaha South.

It was Lebsack's 21-point last half that ripped open a close game at Northeast's gymnasium.

The Rocket senior, out of action for Northeast's first 4 games because of a leg operation, had his best basketball evening, hitting on 14 field goals and two free throws.

In the first half, South showed a definite liking to Lincoln surroundings while the Rockets, now 6-2 for the season, weren't about to orbit.

Fumbled passes and erratic shooting kept Northeast's offense grounded until the

intermission, which ended in Northeast's favor, 29-28.

South's Bill Wade and Bill Rose seemingly had Northeast's defense figured, scoring 8 and 6 points respectively in the first 16 minutes.

They were spearheading what seemed to be an upset. Lebsack put an end to this trend quickly in the 3rd quarter, hitting 6 points in 4 minutes to put Northeast in front 40-32.

The other Rockets got the idea and South was rolled under a wave of fine NE shooting. The Rockets hit 9 of 14 field goal attempts in the 3rd stanza and led 48-38 going into the final quarter.

Lebsack wasn't through — until 2:16 were left and only then because coach Ed Johnson was clearing the bench.

He popped in 5 more fielders — from out and from in close — and left the contest with NE in a 66-46 lead.

South's offense was washed under by all this NE shooting. Donald Crum, who wound up with 18 points to lead the Omahans, was the only second half shooter both-ersome to NE.

Wade was next with 14. Northeast's scoring dropped off from Lebsack's 30 to

Lehigh Appoints

Colerick	6-7	1	1	Wheeler	6-5	1	0
Petsch	6-5	1	1	Plack	6-4	1	0

Ames, Ia. — Nebraska and Iowa State, two Big 8 Con-

ference basketball teams still holding title ambitions, clash here tonight at 7:35 p.m.

Nebraska is 2-1 in the Big 8 and could stay in contention with victory. Iowa State (1-2) needs a win to get back in the fight.

Husker coach Jerry Bush has switched his lineup to get more scoring and rebounding punch.

NU will start with Tommy Russell at center instead of his usual forward slot, Ivan Grupe and Chuck Sladovnik at forwards and Rex Swett and Daryl Petsch at guards.

Cyclone boss Glen Anderson will go with the same outfit that has started all I-State games this season.

This would have Vinnie Brewer and Marv Straw at forwards, Bob Stoy at center and Gary Wheeler and John Ptacek at guards.

Although the two teams haven't met this season, they appear even according to recent results.

Big 8 leader Colorado beat Nebraska 58-56 last Saturday and topped Iowa State 58-55 Monday.

NU is 6-8 in overall season play, Iowa State 6-7.

Caniglia To Get Rockne Grid Honor

Kansas City (AP) — Al Caniglia, Omaha University head football coach, will receive the Rockne Club "Little All America Coach of the Year" award at a testimonial dinner in Kansas City March 1.

Caniglia became Omaha coach in 1960 and that season his team had a 1-7-1 record. Then in 1961 the Indians came up with a 6-3 record.

"I certainly want to give all possible credit to coaches Don Watchorn and Ken Fischer, my assistants, and the boys on the team," Caniglia said.

Caniglia, a former professional player, came to Omaha University in 1958 as an assistant to Lloyd Cardwell. He is a native of Omaha.

Cardwell received the Rockne Club award after his 1954 team compiled a 10-0 record. Cardwell is now track coach at Omaha.

Emile Goes Home

New York (AP) — Emile Griffith, the former welterweight boxing champion, will make his first start in his native Virgin Islands Feb. 3 against Johnny Torres, a young 147-pounder from Paterson, N.J.

7 TKO's Registered In Friday Night Bouts

... ONLY 5 GO THE DISTANCE

By DON BRYANT
Star Sports Editor

Only 5 bouts went the distance at Pershing Auditorium Friday night as the Larry Emery stable dominated the action-packed opening session of the Southeast Nebraska Golden Gloves Tournament.

An estimated crowd of more than 1,400 boxing fans saw 7 technical knockouts and one full-count knockout in the annual leather-swinging affair, sponsored by American Legion Post No. 3.

Emery's club lived up to advance billing as the team favorite by winning 10 of the 13 bouts, clinching 4 titles and landing a pair of finalists and semifinalists on tonight's championship card.

Pentzer Park, with George Morris at the helm, picked up a pair of victories Friday night, getting one boy to the finals another to the semis.

Lone winner from Belmont, trained by Glen Lybarger, was Jerry Zimmerman who gained a split decision over Ray Tuttle of Emery in a lightweight scrap.

But Belmont will have Larry Plachy, who drew a bye, in the heavyweight finale against veteran Buzz Truax who toyed with tough, but inexperienced, stablemate Gerald Brown in Friday's semi-final.

Truax, a former Midwestern champ, will be bidding for a return ticket to Omaha tonight.

Only one defending champion was in action Friday. Veteran lightweight Mike Larchick registered a TKO win over Archie Mackey of Falls City in 1:03 of the second round.

Eddie Phillips, flyweight king in 1961, moves up for a crack at the bantam crown tonight.

Quickest finish of the night was supplied by Jim Blake

of Emery who bombed Belmont's Gary Mangel in 59 seconds of the first round.

Emery's Bill Talbot chalked up a pair of middleweight TKOs, stopping stablemate Wayne Ehlers in 1:32 of the first and George Collier of Falls City in 1:59 of the 3rd to gain the finals.

Bloodiest bout of the night came in a welter slugfest between Ramero Sanchez of Pentzer Park and Mike Melvin of Fairbury. Both started leaking freely from the nose in the first round and spat-tered each other and ringsid-ers the rest of the way. San-

chez picked up a unanimous decision.

Pentzer's Jack Hensley made the semis with a middleweight KO of Emery's Dick Bornemeier in 1:46 of the second round.

Classiest performance honors went to Emery's Bill Edwards who darted to a convincing TKO win over teammate Cliff Miller in 1:03 of their featherweight bout.

Other TKOs went to Gene Olson of Emery, who stopped Norman Walter of Wynot, Neb., in 1:36 of the first round in their light heavy scrap; and middleweight Jerry Gillette, who decked Emery teammate Rick Garcia in 1:57 of the first.

Ken Knauber of Emery and Milford's Lee Hassbrook staged a hot welter fight, with Knauber getting a split decision via early points.

Former Midwest runnerup Willie Curry couldn't find the range with his free-swinging roundhouse deliveries and dropped a unanimous decision to Emery's mate Eugene Acosta, a tough puncher who came back from a near-knockdown in the second round.

One champ was crowned Friday night — Henry Bornemeier of Emery was unopposed in the flyweight division.

Tonight's final program starts at 8:30 p.m., and some consolation exhibitions are slated in addition to the 9-bout championship card.

Results Friday

Flyweight
Henry Bornemeier (Emery) won district title unopposed.

Bantamweight
No preliminaries.

Featherweight
Bill Edwards (Emery) won by TKO over Archie Mackey, 134, (Falls City) in 1:03 of first round.

Lightweight
Jerry Zimmerman, 136, (Belmont) won split decision over Ray Tuttle, 135, (Emery).

Welterweight
Mike Larchick, 132, (Emery) won by TKO over Archie Mackey, 134, (Falls City) in 1:03 of first round.

Light Heavyweight
Ken Knauber, 147, (Emery) won split decision over Lee Hassbrook, 141, (Milford).

Semifinal
Ramero Sanchez, 156, (Pentzer Park) won unanimous decision over Mike Melvin, 152, (Fairbury).

Middleweight
No preliminaries.

Heavyweight
Jack Hensley, 160, (Pentzer Park) won by KO over Dick Bornemeier, 156, (Emery) in 1:56 of second round.

Final
Bill Talbot, 160, (Emery) won by TKO over Wayne Ehlers, 152, (Emery) in 1:32 of first round.

Semifinal
Jerry Gillette, 158, (Emery) won by TKO over Rick Garcia, 156, (Emery) in 1:57 of first round.

Semifinal
Talbot won by TKO over George Collier, 156, (Falls City) in 1:59 of third round.

Light Heavyweight
Jim Blake, 175, (Emery) won by TKO over Gary Mangel, 163, (Belmont) in 39 seconds of first round.

Final
Gene Olson, 167, (Emery) won by TKO over Norman Walter, 173, (unattached from Wynot, Neb.) in 1:36 of first round.

Heavyweight
Larry Plachy, 212, (Belmont) drew a bye.

Final
Buzz Truax, 205, (Emery) won unanimous decision over Gerald Brown, 190, (Emery).

Championship

FINALS

Bantamweight

Eddie Phillips (Emery) vs. Jan Parsons (Emery).

Featherweight

Bill Edwards (Emery) vs. Eugene Acosta (Emery).

Lightweight

Jerry Zimmerman (Belmont) vs. Mike Larchick (Emery).

Welterweight

Ken Knauber (Emery) vs. Roger Sut-liff.

Semifinal

Winner of Knauber-Sutliff fight vs. Ramero Sanchez (Pentzer Park).

Middleweight

Jerry Gillette (Emery) vs. Jack Hensley (Pentzer Park).

Light Heavyweight

Jim Blake (Emery) vs. Gene Olson (Emery).

Heavyweight

Buzz Truax (Emery) vs. Larry Plachy (Belmont).

—OLSON INJURED IN 70-49 VICTORY—

Tutors Smash Falls City

By DON SUMMERSIDE
Star Sports Writer

Displaying superiority in every phase of the game—offense, defense and rebounding—University High overwhelmed Falls City, 70-49, in a contest at Uni High gymnasium Friday night.

Even the loss of Rick Olson, who canned 14 points in the first 13 minutes, could not slow the Tutor attack. Olson left the game with an ankle injury with 3 minutes remaining in the second period, but Bob Diekmann and George Zarins kept the Uni scoring machine in high gear and

dimmed any hopes of a Tiger comeback.

A hospital examination after the game revealed that Olson suffered a severely sprained ankle and will miss the Uni High-Nebraska City contest at Nebraska City Saturday night.

A red-hot Tutor shooting percentage of around 50% and excellent rebounding on the offensive boards prevented Falls City from ever making it a contest. In addition a tight Uni defense forced the Tigers to do most of their shooting from the outside.

Olson's uncanny eye got the Tutors off to a flying start as he dropped in 10 points while

leading Uni to a 22-12 first quarter lead.

The Tutors kept right on increasing the lead in the second stanza, amassing a 38-22 margin by halftime and doing it all without the aid of a free throw.

After intermission, 6-1 sophomore Ernie Strasil began bombarding the Fall City nets with an assortment of long range set shots and jumpers. There was no letdown forthcoming from the Uni High forces however, and the Tutors increased their lead to 20 by the end of the 3rd stanza.

The Tigers tried a full-court press to no avail in the 4th

period before both coaches began substituting freely.

Diekmann and Zarins led the balanced Uni attack, each tallying 15 points.

Strasil finished up the evening with 23 counters to lead all Tiger scorers and garner high game honors.

In the reserve game, University was nipped by the Southeast sophomores, 38-34.

Olson's uncanny eye got the Tutors off to a flying start as he dropped in 10 points while

leading Uni to a 22-12 first quarter lead.

The Tutors kept right on increasing the lead in the second stanza, amassing a 38-22 margin by halftime and doing it all without the aid of a free throw.

After intermission, 6-1 sophomore Ernie Strasil began bombarding the Uni with an assortment of long range set shots and jumpers. There was no letdown forthcoming from the Uni High forces however, and the Tutors increased their lead to 20 by the end of the 3rd stanza.

The Tigers tried a full-court press to no avail in the 4th

period before both coaches began substituting freely.

Diekmann and Zarins led the balanced Uni attack, each tallying 15 points.

Strasil finished up the evening with 23 counters to lead all Tiger scorers and garner high game honors.

In the reserve game, University was nipped by the Southeast sophomores, 38-34.

Truck Driver Nabbed; Charged In Cage Plot

New York (AP)—A 38-year-old New York truck driver, previously indicted in North Carolina, was arrested here Friday on a charge of conspiring to fix college basketball games.

Jack (Jake) Israel was picked up on a fugitive warrant at his home by a detective from the District Attorney's office, two special agents of the North Carolina State Police and Lester Chambers, District Solicitor in Wake County, N.C.

Israel refused to waive extradition. He was arraigned in felony court and held in \$1,000 bail for a hearing Feb. 26.

Already indicted The truck driver was indicted along with 9 others, including 5 New Yorkers, by a Wake County grand jury Jan. 9. He was charged with

conspiring to bribe a North Carolina State basketball player. Three New York men already have been convicted in the scheme.

In all, the grand jury indicted 10 men on 65 charges resulting from the nationwide point-fixing scandal, which has affected 37 players from 22 colleges.

One of the men, Paul Walker, a New York trucking firm employee, has pleaded guilty to charges of conspiracy to bribe in connection with the case. Eight alleged gamblers were involved.

Plush Offers

It was charged that \$1,250 was offered Stan Niewierowski, captain of the N.C. State team, and \$1,000 to another team member, Don Gallagher, to shave points of a game against Maryland Feb. 13, 1960.

The district attorney's office remained tight-lipped on the reason for questioning Dennis (Billy) Reed of Bowling Green University of Ohio. The DA said it was just a part of a continuing investigation. Reed's name was injected when his counsel, Jack Molinas, withdrew after a conference with a general sessions judge.

Not So Pure

Molinas was suspended several years ago by the National Basketball Association for betting on his own team, the Fort Wayne Pistons.

ALL-AMERICAN AWARD NIXED FOR HOOSIERS

Indianapolis (AP)—Athletes will have to turn down so-called "All-America" awards if they want to stay eligible for high school sports in Indiana—even certificates or plaques.

Commissioner L. V. Phillips of the Indiana High School Athletic Association passed the word to principals Friday. He said queries had been prompted by announcement of honorary teams chosen for the Sporting News Magazine.

Phillips said he sent telegrams to Sporting News and the Wigwam Wisemen of America asking that they withdraw their awards to three Indiana football players. He said the awards have not been approved by the IHSAA or any Indiana schools.

Phillips said his warning to the athletes was based on an IHSAA rule in effect for many years.

SE Mermen Extend Win String To 5

Lincoln Southeast won its 5th swimming meet of the season without a loss by taking a 54-41 victory over Boys Town Friday afternoon at the Southeast Pool.

Southeast, performing without 4 of its top swimmers, won 7 of the 11 events. Knight swimmers Tom Nickerson, Dave Frank, Dick Frank and John Moreland were sidelined with the flu.

Southeast Coach John Reta said he hoped the quartet would be ready to go against Creighton Prep today in a 10 a.m. meet at the Southeast Pool.

Steve Coy was the only double winner in the victory over Boys Town as the Knight swimmer took first in the 100-yard butterfly with a time of :59.3, and in the 160-yard individual medley with a 1:50.0 clocking.

400-yd. Freestyle—Taylor Withrow (SE), T-4:46.2.
100-yd. Freestyle—Ed Rudy (BT), T-1:19.0.
100-yd. Butterfly—Steve Coy (SE), T-1:59.3.
200-yd. Freestyle—Tom Edwards (SE), T-2:10.6.
100-yd. Backstroke—Bob Rosenberger (SE), T-1:09.5.
100-yd. Breaststroke—Gayle McAdams (SE), T-1:55.2.
100-yd. Freestyle—Dale Parker (SE), T-2:04.8.
100-yd. Freestyle—Jim Coy (BT), Score—160-30.
100-yd. Individual Medley—Steve Coy (SE), T-1:50.0.
100-yd. Medley Relay—Boys Town (Nelson Carter, Ted Painter, Ed Rudy, Lee Edwards), T-1:33.6.
160-yd. Freestyle Relay—Boys Town (Don Actis, Joe Ayala, Roy Elam, Guy Lewis), T-1:24.5.

NEW AIDES... Selmer (left), Melton.

Selmer, Melton Join NU Assistant Corps

... RECRUITING NEXT STEP

Two new assistants joined the University of Nebraska's football staff Friday as Bob Devaney continued readying his staff for heavy recruiting duty.

Newest arrivals—along with Jim Ross who was here earlier and has returned—are Carl Selmer and John Melton.

They joined holdover aides, George Kelly and Harry Tolly on duty at the Coliseum, while Devaney and Cletus Fischer would up a tour of Omaha.

Devaney, has not as yet given staff assignments, but at Wyoming Ross coached the ends and defensive backs, Selmer coached the offensive line and Melton was fresh-

man coach, as well as head track coach.

Next week Devaney and Fischer are going to tour outstate points in Nebraska, while Selmer and Melton will start their recruiting chores.

Ross will remain in Lincoln to keep tab on scholarship problems.

From Laramie, Wyo., came word that Devaney had split his staff to keep operations moving at both schools until Feb. 2 when the Wyoming trustees are slated to rule on the coach's contract release.

Mike Corgan, Lloyd Eaton—both candidates for the top Cowboy job—and Wimp Hegley, assistant frosh coach, are still on duty at Wyoming.

Weather Can't Halt Campbell

Pebble Beach, Calif. (AP)—Stormy winds and rain failed to halt the sub-par shooting of Hoosier Joe Campbell who grabbed the midway lead Friday in Bing Crosby's \$50,000 golf tournament with a 36-hole score of 138.

Bundled in heavy foul weather gear, the 190-pound former National Collegiate champion from Purdue toured the treacherous Pebble Beach course in a one-under-par 71 while most scores were soaring into the double-force winds.

"I don't believe conditions for playing golf could be much worse," the 26-year-old pro from Pendleton, Ind., said. "But it seemed like every time I hit a poor shot I got a good break."

Fine Break

The best break came at the 13th hole when Campbell hit out of a wet sand trap and the ball dropped into the hole, 35 feet away.

That shot eventually became his one-stroke margin over 23-year-old Jacky Cupit, a Texan who also had a 71 at Pebble Beach and a 139 total.

Ken Venturi of San Francisco, who won the Crosby

two years ago, slipped into 3rd place with a 69 for 142. He played the Monterey Peninsula Country Club on his second round.

Pro Bob McCallister from Yorba Linda, Calif., and Los Angeles Angels baseball outfielder Albie Pearson maintained their lead in the pro-amateur division with a best ball 59-64-123.

At Cypress Point, the 3rd Crosby course, where a choppy sea was the backdrop, the storm tossed both young Phil Rodgers and 52-year-old Chuck Congdon, who shared the first round lead with Campbell at 67.

Rodgers, of San Diego, carded 75 for a 142 that still

Joe Campbell	67-71-123

NORFOLK PRO 3 SHOTS BACK

Dunedin, Fla. (AP)—Eddie Axtell of Norfolk (Neb.) was 3 strokes behind entering the final 36 holes of the PGA Golf Club tournament here.

Axtell shot a 138 in the 36-hole PGA Quarter Century Club tourney to tie for 3rd in that division. The Quarter Century totals also count toward the club championship.

Herman Barron of White Plains, N.Y., won the Quarter Century with a 135 and carries over a two-stroke lead into the club tourney. Axtell's 138 was good for a 5-way tie for 5th, in the overall standings.

Canadian Rests Foot

Toronto (AP)—Bruce Kidd, Canada's outstanding two-miler, will not run again until he has regained the form he had before he injured his right foot last year. And coach Fred Foot said Friday he expects that to be in a Los Angeles meet, Feb. 10.

OX VS. TIGER IN TV BATTLE

Miami Beach, Fla. (AP)—Florentino (The Ox) Fernandez, the hard-hitting Cuban, meets Dick Tiger, the hard-headed British champion from Nigeria, in a 10-round middleweight fight tonight at Convention Hall.

Both men are right up there in the rankings. The National Boxing Association rates Fernandez No. 1 and Tiger No. 2. Ring Magazine puts Tiger at the top and Fernandez in second place.

The fight will be carried on a national television network (ABC) at 9 p.m. (CST).

2747 No. 48th IN 6-2377

GAME COMMISSION ELEVATES KREYCIK

Keith Kreycik of Valentine was elected chairman of the Nebraska Game Commission Friday succeeding Robert H. Hall of Omaha, whose term expires this month.

LeRoy Bahensky of St. Paul was chosen vice chairman of the same group.

The commission approved the leasing of 7,000 acres of land at Lake McCaughy from the Central Nebraska Public Power and Irrigation District for \$5,000 yearly. The land will be sub-leased by the commission for wildlife management purposes.

Any profit from the arrangement, effective May 1, will go back into wildlife management in the area.

The commission also authorized a \$3 permit fee for anyone wishing to erect and maintain docks or other semi-permanent structures at certain state parks and special use areas.

It will be applicable at Lake Minatare, Lake McCaughy, Ender's Reservoir, Swanson Lake Reservoir, Medicine Creek Reservoir and Lewis and Clark Lake.

There is no present fee for such activity. The money will be used to operate those areas.

Cuban Boxer III

New York (AP)—Because of the illness of Cuban Lino Rendon, Promoter Irving Cohen has cancelled Monday night's boxing show at St. Nicholas Arena.

Rendon had been scheduled to meet James Ellis, rising, young light heavyweight from Louisville in the feature 10-round bout.

The Cuban's handlers advised Cohen that Rendon was ill with laryngitis and would be unable to fight Monday.

Southeast Gymnasts Shellack Hastings

Unbeaten Lincoln Southeast won its 4th straight gymnastics dual Friday, smashing winless Hastings 83 2/3 to 43 1/3.

Knight Bob Harris' rope climb time of :04.5 was a 10th of a second under the state record. Glenn McComb and Don Vodra each scored 9 points for SE, while Wilcox had 12 for Hastings.

Winners: Free exercise—Wilcox (H), rebound tumbling—Miller (H), Rope climb—Bob Harris (SE), 4.5. Side horse—Gerald Betscher (SE), Horizontal bar—Friedrich (H), Parallel bars—Glenn McComb (SE), Still rings—Don Vodra (SE), Tumbling—Wilcox (H).

Rocket Gymnasts Swamp G. Island

Lincoln Southeast's gymnastics team built its record to 3-1 in a 9:35 waltz past Grand Island Friday. The Rockets won all first places. Free exercise—Maxwell (NE), rebound tumbling—Mike Marshall (NE), bound tumbling—Mike Marshall (NE), Rope climb—Bill Marple (NE), Side horse—Jim McGee (NE), Horizontal bar—Ken Hood (NE), Parallel bars—Dick Way (NE), Still rings—Hood (NE), Tumbling—Maxwell (NE).

Dana By 67-52

Blair (AP)—Dana set down Yankton 67-52 in a Tri-State Conference basketball game Friday night after taking a solid 32-21 lead.

The scoring was led by Gary Sebbert of Dana with 22 points. Ron Bertsch led Yankton with 14 points. Dana is now 2-2 in the Tri-State, Yankton 2-4.

Link Gymnasts Crush Beatrice

Lincoln High School's gymnastics team defeated Beatrice, 82-46, Friday afternoon.

Now 1-1 for the season, the Links were led by Roger Hadley and Guido Grinberg, both of whom gained 3 victories.

The winners: Free exercise—Roger Hadley (L), Trampoline—Hadley (L), Rope climb—Guido Grinberg (L), Side horse—Bob Marvin (L), High bar—Grinberg (L), Parallel bars—Don Van Doren (L), Still Rings—Grinberg (L), Tumbling—Hadley (L).

Westside Edges LHS Grapplers

Omaha Westside edged Lincoln High by one point, 65-64, to take first place in a quadrangular wrestling meet Friday afternoon at Lincoln High.

Omaha Tech finished 3rd with 43 and Pius X trailed in 4th with 18 points. Pete Karampelas of Lincoln High scored the fastest pin of the meet when he defeated Mark Merewich of Pius X in 35 seconds.

Final results:
55 lbs.—Ron Briderman (LH) pinned Paul Bremer (PX) in 1:05; 103—Cliff Baldwin (OT) dec. Mike Bauman (WS), 2:42; 112—William Crawford (OT) dec. Mike Ortiz (LH), 4:40; 120—Ralph Crawford (OT) dec. Rich Ziebeck (LH), 4:42; Mark Merewich (PX) in 35 seconds; 130—Muir Cooper (LH) and John Ger. 145—Jim Moore (WS) dec. Denny Pott (LH), 2:05; 150—Hodge Jones (WS) and Keith Pelan (OT), 1:41; 180—Boe Maddox (WS) pinned James Moore (LH) in 35 seconds; 190—Wally Chesapeake (LH) dec. Wells Vesahy (OT), 5:0.

McCook JC, 66-63

McCook (AP)—Bill Holliday mumped in 19 points and Otis Beach 48 as McCook Junior College edged Northeastern JC of Sterling, Colo., 66-63 Friday night. McCook led 32-24 at half.

Merger Seen In Southern Minors

... SALLY, SO. ASSN MAY JOIN

New York (AP)—A merger of the Class AA Southern Association and Class A South Atlantic League was a strong possibility Friday following a meeting between Commissioner Ford Frick and George Trautman, head of the National Association (minor leagues).

The two high officials, after a two-hour session in the commissioner's office, agreed to meet again next Wednesday at Charlotte, N.C. The club officials of the two minor leagues involved will be asked to attend.

The Southern Association was reduced to 4 teams when Birmingham, Shreveport, Atlanta and Macon, Ga., dropped out at the conclusion of the 1961 season. Evansville, Ind., was to have taken over Atlanta's franchise for 1962.

The Sally League currently is comprised of 8 teams. Augusta, Ga., rejoined the circuit last October. Other members of the Sally League include Asheville, Knoxville, Columbia, Greenville, Charleston, Portsmouth, and Charlotte.

Totten S. A. Prexy Hal Totten is president of the Southern Association and Sam Smith is head of the Sally League.

At Birmingham, Totten said he opposes the merger "because it would eliminate two Southern Association cities—Nashville and Evansville."

"I'm uninformed as yet of the plans for the meeting

next week," he said. "However, it would seem more logical to me to place two of the Sally League clubs in the Southern and operate two 6-club leagues."

Nashville works with the Detroit Tigers and Evansville works with the Los Angeles Dodgers. "Detroit has a working agreement with Knoxville in the Sally, and the Dodgers have a working agreement with Greenville."

Dual Ties Prohibited

"The rules prohibit a dual arrangement in any one league."

"We have been given to understand that an extensive program of reclassification and realignment is in the works to begin in 1963 at which time the entire matter will be clarified."

Oran, Algeria (UPI) — A mob of 2,000 European settlers battled French security forces in the heart of Oran Friday in one of 15 clashes across the country which left 13 persons dead and 14 wounded.

The settlers hurled grenades at the security troops who used tear gas and clubs to break up the demonstration. No one was reported killed. Three policemen and 4 Europeans were hit by grenade fragments.

Friday's deaths brought to 337 the number killed since the outlawed Secret Army Organization (OAS) and Moslem extremists began the new year with a series of attacks which also injured 627 persons.

The Oran riot was sparked by hundreds of students marching through the streets for the 3rd consecutive day. They demanded military protection for schools which have been hit by terrorist bomb attacks in recent weeks.

A band of young Europeans, shouting to keep Algeria French, led the student mob which clashed with more than 1,000 riot police and gendarmes. The first grenades exploded then.

Police took shelter from the grenades and then counter-attacked behind a barrage of tear gas. The European mob swelled to 2,000 and French authorities left the tense Moslem quarters ungarded to rush in reinforcements.

In other violence a fire brigade officer was wounded in the face by a bullet while directing his men in fighting a blaze in Oran.

In Algiers, 4 Moslems in a car fired into a cafe with submachineguns, killing one man and wounding two. There were several knives in the backs and shooting.

The OAS, dedicated to retaining French control over Algeria, called a 15-minute strike next Wednesday to mark the anniversary of the 1960 barricades revolt against President Charles de Gaulle. The OAS also seized government airwaves in Oran to make a pirate anti-government broadcast.

Washington (AP) — Civil defense officials are about to start stocking fallout shelter spaces for nearly 93,000 persons with food, water and survival equipment, the Defense Department announced Friday.

The shelters, for 92,793 persons in 141 buildings located in 14 cities, will be marked with yellow and black signs to show the public where they are.

This is another stage in the nationwide program to identify, mark and provision fallout shelter space for an estimated 50 million persons in existing buildings.

From the experience gained in this first stocking operation, civil defense officials expect to improve procedures for the rest of the effort. The work in the 14 cities is due to be finished by March 10.

Licensed Planned

As part of the test operation, Assistant Secretary of Defense Stuart L. Pittman said, owners of the buildings and local governments concerned will sign licenses, or agreements, designating the public shelters.

Each shelter will be provided with sanitation, medical and radiological monitoring devices, and 5 pounds of survival biscuits for each person to be accommodated.

(In Lincoln, Gov. Frank Morrison said Friday the Defense Department planned to purchase 5 to 10 million pounds of Nebraskas, the survival ration developed by the state of Nebraska.)

The Defense Department will provide fiberboard drums containing polyethylene bags big enough to hold 14 quarts of water for each shelter space.

The 14 cities are: White Plains, N.Y., Baltimore, Washington, D.C., Raleigh, N.C., Tallahassee, Fla., Battle Creek, Mich., Indianapolis, Springfield, Ill., Houston, Los Angeles, N.M., Jefferson City, Mo., Los Angeles, Boise, Idaho and Olympia, Wash.

Harrison Says 'Open To Draft' In First District

Former Republican Rep. Robert Harrison of Norfolk said Friday he "could be drafted" as a candidate for the new First District congressional nomination.

He said he is considering the race, but has not yet made up his mind.

Reps. Phil Weaver of Falls City and Ralph Beermann of Dakota City are already candidates for the GOP nomination.

Harrison had been a congressman from the present Third District from 1951 to 1958. He currently is state director of the Federal Crop Insurance Corp., but is expected to be replaced by Democrat Edwin Finigan.

State To Aid Pilot Training For Teachers

A plan under which the State Aeronautics Department would finance flight training for selected Nebraska high school teachers or prospective teachers was approved Friday by the State Aeronautics Commission.

Theory of the plan is that the teachers, having learned to fly, would become more enthusiastic and expert teachers of air age education in the high schools.

Details of the program remain to be worked out with the University of Nebraska and the university's participation would be subject to approval of the Board of Regents.

May Be First

State Aeronautics Director James Sandstedt said the program may be the first of its kind in the country.

The department's financial help would be limited to a maximum of \$13,500 a year and the program would be reviewed at the end of its first year.

Sandstedt estimated the flight training for one teacher, enabling him to solo, might cost from \$150 to \$200.

The commission specified that it should designate who gets the flying scholarships. It has hopes of launching the program this summer.

The plan has been under discussion for some time by the Aeronautics Department, the executive committee of the Nebraska Association of School Administrators and the department of education at the University Teachers College.

NU Prof Assists In Translation Of Russian Paper

Dr. Ralph E. Ekstrom, associate professor of engineering mechanics at the University of Nebraska, is among the 5 professors who jointly undertook the translation of a Russian monograph.

Professor Ekstrom was directly responsible for the translation of two chapters of the International Series of Monographs in Aeronautics and Astronautics. The monograph was published by Pergamon Press for the American Society of Mechanical Engineers with a grant-in-aid from the National Science Foundation.

The new English edition differs from a straight translation of the Russian series of 1953. It contains a supplement which embodies the most recent advances and includes a number of additions and recent references.

Insurance Dept. Reports Filings For December

During the month of December, the rating division of the State Department of Insurance received 180 property and casualty insurance filings, the department said Friday in its monthly report to the governor.

Of this total, 20 were made by rating bureaus for their member and subscriber companies. In addition to these filings, there were two statistical plans and 3 experience exhibits received by the division.

The experience exhibits include the premiums written and earned and the losses paid and incurred in a particular line of insurance for a one or 3-year period.

One hundred and thirteen of the filings were made by insurance carriers operating on an independent basis, or companies that file their policies, forms and rates directly with the insurance department rather than through bureaus.

Council Receives Two Plans For Brighter Streets

Two more arterial street re-lighting projects are headed for City Council approval Monday.

The public works department is calling for the purchase of mercury-vapor lights to be installed on 13th from J to South and North 48th from Holdrege to Walker.

Last week, the council authorized purchase bids on mercury-vapor lights for re-lighting South 27th from O to Van Dorn.

Approximately \$50,000 is programmed in the current budget for the re-lighting of arterial streets.

Physics Research Grant Given NU

The University of Nebraska received a \$17,150 grant from the National Science Foundation to continue a summer program of research for small-college teachers.

Under the direction of Prof. John W. Weymouth, 7 physics teachers will be selected to assist in the research now being conducted in the department of physics.

The teachers, all of whom must be working toward a doctoral degree, will receive a stipend plus allowances for dependancies and travel.

Fire Calls

9:30 a.m.—Mrs. W. R. Riley was locked out of her house at 5001 South 24th. She called for help and a fireman came to the door. Riley was unable to get in and the fireman had to break in the door. Riley was not injured.

11:17 a.m.—A short in a fuse box at the home of Russell Beighley at 5010 Bannock caused damage estimated at less than \$50.

11:30 a.m.—3323 Mohawk, home of 1951 Park Ave. Surging in basement and using gasoline to clean parts. No fire, no damage.

3:40 p.m.—3815 Touzalin, Strauss Bros. fire in automatic alarm system. No fire, no damage.

5:49 p.m.—6208 Strauss Court, Charles Adair, was burning gas from car in garage when fire was started. Damage to the car and garage was estimated at more than \$150.

'Hope For Peace Lies In Education'

A Nebraska Wesleyan University audience Friday was told that "the world's best hope for peace and well-being lies in education in its fullest sense."

"Individually, and as Americans, our first job is to educate ourselves," Val Peterson of Hastings said at 6th annual Founders Day ceremonies.

ESTABLISHED 1907
1140 "O" St. HE 2-4421

"We must see clearly the kind of a world in which we live," Peterson said. "It is in a United States extended. It is characterized by an illiterate population in which less than 50% can read and write, by unspeakable poverty, greed, racial, and religious prejudice. We are divided by language and differing political and economic ideologies."

"While our colleges and universities need constant study and scrutiny as do all human institutions, they are doing a fine job," the former Nebraska governor and U.S. Ambassador to Denmark added.

"Our professional schools are recognized the world over as top flight. A general tightening of academic standards in the arts and sciences will bring us equal recognition in these areas."

Referring specifically to Nebraska, Peterson described the

state's educational institutions as "sound."

"We need all of the private and public institutions we now have plus two or three more junior colleges," he concluded. "We have the resources to support them properly. Given such support they will repay Nebraska and the nation many times over."

6% Sales Drop In Lincoln's Stores

Kansas City (AP)—Department store sales in the 10th Federal Reserve District dropped 8% in the week ended Jan. 13 compared with the corresponding week a year ago.

Losses included Greater Kansas City 4; Downtown Kansas City 9; St. Joseph 13; Lincoln 6; Omaha 9; Oklahoma City 15; and Wichita 1. Joplin showed a 13% gain.

Burke, Watkins Honored As Distinguished Citizens

Nebraska Wesleyan University Friday conferred Distinguished Citizen citations on two of Nebraska's best known secondary school administrators.

Honored at 6th annual Founders Day ceremonies were Public School Superintendents Harry A. Burke of Omaha and Steven N. Watkins of Lincoln.

Dean of the College, Dr. Sam Dahl, read the citations and presented framed certificates and engraved plaques to each of the honorees, acting in the absence of President Vance D. Rogers who underwent surgery at a Lincoln hospital Thursday.

The two educators were recognized for distinguished contributions to "God, Man and Country," at the convocation which each year cites two outstanding Nebraskans for similar service.

Dr. Burke, who has headed the Omaha school system

since 1946, is a native of Pueblo, Colo., and holds degrees from the University of Idaho and Stanford University where he earned the M.A. and Ed. D. degrees.

He earned his undergraduate degree at Idaho Cum Laude and was elected to Phi Beta Kappa and named the state of Idaho's Rhodes Scholar in 1917-an opportunity he was prevented from using because of World War I.

Dr. Watkins, a native of

Lincoln, has been active in school work since his graduation from Cotner College more than 30 years ago. In addition to his services as teacher, athletic coach, high school

principal in other systems, Dr. Watkins has served as superintendent at Newman Grove, Nebr., and at Sheldon and Ames, Iowa before assuming the Lincoln position in 1950.

Cosmopolitan Head To Be Honored

The President of Cosmopolitan International, Luis Otero of Mexico City, and his wife will be honored at an open house Sunday from 3 to 5:30 p.m. at the home of Mr. and Mrs. Herman Brockmeier.

Otero's Lincoln visit is part of a tour of Cosmopolitan clubs in Nebraska and Iowa.
